THE MORNING STAR

ADJOURN INQUEST UNTIL WEDNESDAY

Authorities Wish to Follow
Up Other Clues

IN BAILEY MURDER CASE

Head of National Detective Agency
Reaches Scene and Begins In-
vestigation—Murder is Re-
hearsal by Police.

Freeport, N. Y., July 6.—The head
of a national detective agency arrived
here tonight and began an investigation
into the murder of Mrs. Louise
Bailey, who was mysteriously killed
in the office of Dr. Edwin Carman last
Tuesday night.

After a conference with the author-
ities, the detective chief went to the
Carman home and inspected the
grounds and the house.

After the chief had gone through
the house for a half hour, he returned
to the lawn and the murder was
rehearsed, with the chief acting the
part of the murderer. Two of his men
inside the office, took the parts of Dr.
Carman and Mrs. Bailey.

The inquest into the murder of Mrs.
Bailey was adjourned today until
Wednesday. This action was
taken to give the authorities a chance
to investigate several new clues and
to look into the story told last night
by Dr. Carman, who informed the police
that a bicyclist had fired three
shots at him, while he was driving
along a lonely stretch of road.

It was learned later from Sheriff
Pettit that after it had been decided
to adjourn the inquest two witnesses
had been brought into the Elks
Club where they underwent an exami-
nation behind locked doors. The
sheriff said their statements were of
the highest importance.

Others Heard Shots.
Four persons living near the spot
where Dr. Carman said the attempt
was made upon his life, told investi-
gators this afternoon that they heard
shots. Detectives were unable, how-
ever, to find any one who had heard
the shot which J. W. Haft, Jr., a resi-
dent of Lyndbrook, a neighboring vil-
lage, said was fired at him early this
morning, while he was driving out-
side Freeport. Haft who favors Dr.
Carman in the case, is the owner
of an automobile of a type similar
to one of the several owned by the
physician.

The inquest was adjourned after
several witnesses had been heard.
Miss Hazel Combs, a patient of Dr.
Carman and Miss Anna Kahn, a
friend who accompanied her to the
physician's office less than an hour
before Mrs. Bailey was murdered,
flatly contradicted Mrs. Carman's
statement that she was not walking
around the ground floor of her home
that night, was not in her husband's
office and had not admitted any pa-
tients who called. Both these women
swore they had seen Mrs. Carman
enter her husband's office to answer
the telephone and they corroborated
the testimony of George Golder, who
testified Friday that Mrs. Carman had
admitted him to the house.

The corroboration combined with
the testimony given by a negro maid
in the Carman home, constituted what
was declared by District Attorney
Smith to be the best evidence in the
information elicited during the day's
proceedings. The maid who admitted
that she had a long talk with George
Levy, counsel for Mrs. Carman, the
morning after the murder, was to be
troubled with the loss of memory.
To many vital questions she
answered: "I don't remember."

When asked if she knew what per-
jury meant she asserted that some-
times she could remember events and
sometimes she couldn't.

Dr. Carman today obtained a permit
to carry a pistol. He told the jury
of the peace he feared another at-
tempt would be made to kill him.

County detectives tonight began in-
vestigating a story told by Dr. Carman
that a former resident of Freeport
had notified a friend of Dr. Carman
that while out in a motor boat near
here recently one of the women
of the party, said to be a nurse, had
threatened to kill the physician. An
aurn haired woman said to have
been much excited, was seen board-
ing a car here for New York early in
the morning after the murder.

BILL OF EXCEPTIONS.

Filed by Lawyers for Leo M. Frank,
Under Death Sentence.

Atlanta, Ga., July 6.—Attorneys for
Leo M. Frank, under sentence of death
for the murder of Mary Phagan, today
filed a bill of exceptions to the action
of Judge Ben H. Hill, in sustaining the
demurrer of the prosecution to the
motion to set aside the verdict against
Frank. The bill of exceptions will be
transmitted to the State Supreme
Court within 15 days.

Argument on the action which is
based upon the claim that Frank's
constitutional rights were violated
when the verdict was returned in his
absence from court, will not be heard
until October.

RATS NOT INFECTED.

Several Thousand Examined by Sur-
geon General Blue.

New Orleans, July 6.—Health au-
thorities tonight announced that none
of the several thousand rats exam-
ined here for bubonic plague infection
had shown traces of the disease. The
work of rat extermination will be
pressed vigorously. It was stated.
An appeal to the women of New Or-
leans to assist in the clean-up cam-
paign was made by Surgeon General
Blue, who declared that women were
an essential factor in stamping out
the disease at San Francisco.

WILLIAMS RESIGNS AS MINISTER TO GREECE

Announcement Made by Sec-
retary of State Bryan.

Gives as His Reason for Resignation
That He Cannot Comment on
Conditions in Albania as
He Would Like.

Washington, July 6.—Formal an-
nouncement of the resignation of
George Fred. Williams as minister to
Greece and Montenegro was made late
today at the State Department.

Secretary Bryan issued this state-
ment without comment:

"Mr. Williams requests Secretary
Bryan to tender to the President his
resignation as minister to Greece and
Montenegro. He says the reason for
his resignation is that he cannot com-
ment upon the situation in Albania as
he would like under the restraint im-
posed by his diplomatic position, and
he does not feel that he can con-
scientiously keep silent with the knowl-
edge which he has of what is being
done."

"He says that he considers the suc-
cess of the President more important
to the world than all of the efforts of
other men, and does not wish to em-
barrass him, and wishes to thank him
for the consideration which has been
shown him."

President Wilson is expected to ac-
cept the resignation tomorrow.

Aroused over press dispatches quot-
ing the minister as bitterly criticizing
conditions in the new State of Alba-
nia, and arranging the responsible Eu-
ropean powers, the President caused
his resignation to be asked for last
Friday night. It is understood, how-
ever, that Mr. Williams already had
the resignation on the way to Wash-
ington.

This case is said to be without pre-
cedent in American diplomatic his-
tory. It is not recalled that an Amer-
ican diplomatic representative ever
before has gone outside of his post to
discuss affairs of another country.

In the present instance the com-
ment was regarded by the State De-
partment as peculiarly untimely and
ill-advised, because of the extreme
jealousy with which the European
powers guard the tangled Balkan
problem. It is considered by them
as one to be dealt with by the Euro-
pean powers alone.

FIRE NEGRO'S CLOTHES.

Two White Men Arrested for Killing
Aged Negro—Was a Joke.

Salisbury, Md., July 6.—Joseph Dar-
by and George Slopes, young white
men, were brought to the county jail
from Hebron late today, charged with
pouring kerosene oil on Benjamin Goslee,
a negro 71 years old, and then setting
fire to his clothing, fatally burning
him.

Darby made a statement in which
he assumed sole responsibility, saying
it was intended as a practical joke.
He said the three men had been
drinking together and the negro be-
came stupefied. Unable to arouse him,
Darby poured the contents of a kero-
sene lamp on his clothing and ignited
it. The flames were extinguished only
to save the negro's life.

Before he died Goslee said the white
men always had been friendly toward
him.

REV. G. H. DETWILER DEAD.

Prominent Member Western N. C.
Conference Passes Away.

Asheville, N. C., July 6.—Rev. G. H.
Detwiler, for a number of years one
of the leading members of the West-
ern North Carolina conference of the
Methodist Episcopal church, recently
pastor of the West End church, Nash-
ville, died here last night, aged 62.
The funeral is to be held at Charlotte
tomorrow.

WILL BE MODEL ORPHANAGE

Eastern Branch of Baptist Institution,
at Falling Creek, to Open Some
Time in August.

(Special Star Correspondence.)
Kinston, N. C., July 6.—The board
of trustees of the Thomasville Baptist
Orphanage, who met at Thomasville
recently, named a committee to de-
termine upon the opening date of the
Kennedy Memorial Home, the new
eastern branch, at Falling Creek, in
this county. Mr. J. H. Canady, of
Kinston, a member of the committee,
announces that the opening will not
be before some time in August instead
of in July, as was previously intend-
ed. It is the purpose of the commit-
tee to have all the work in the build-
ings completed before the official star-
ting of the institution.

The Kennedy home will be a model
orphanage. Five miles from a town,
electric lights for the buildings, of
which there are two, are impractic-
able. Instead, the dormitories are
lighted with gas. A small but ade-
quate plant for its manufacture is lo-
cated a few feet from the buildings.
Artesian water is carried into the dor-
mitories and there distributed by the
means of a pressure boiler.

A matron and eight children are
now at the Kennedy home, working in
preparation for the coming of about
40 other little ones who will comprise
the nucleus of what is intended to be
an orphanage population of about 500.
The Kennedy home is destined, the
trustees think, to be equally as im-
portant an institution as the parent
orphanage.

Elaborate ceremonies will be held
at the opening in August, with noted
men from all over the State in at-
tendance.

ACTION TAKEN ON THREE MEN NAMED

By President Wilson as Mem-
bers Reserve Board.

WARBURG IS HELD BACK

He and Jones of Chicago, Will Be
Asked to Appear Before the Com-
mittee—Warburg Wants
Name Withdrawn.

Washington, July 6.—Nominations
of Paul M. Warburg, of New York,
and Thomas D. Jones, of Chicago,
have not been acted upon by the
banking and currency committee and
probably will not be before the end
of the week. It was stated in high
official circles tonight that Mr. War-
burg would ask the President to
withdraw his nomination.

Mr. Hamlin, Mr. Miller and Mr.
Harding take the oath of office within
a few days and the work of setting
in motion the new Federal banking
system can be begun at once. The
Secretary of the Treasury and Com-
ptroller of the currency are ex-officio
members of the board, which consists
of seven members. The five will con-
stitute a quorum to do practically all
preliminary business.

Mr. Jones was before the commit-
tee for nearly four hours today to tell
about his relations with the Interna-
tional Harvester Company and the
New Jersey Zinc Company, both so-
called trusts. No proposal was made
to vote on a report to the Senate on
his nomination, but it is regarded as
probable that if approval is given, it
will be by a close vote.

Senator Hitchcock was authorized
to give out information secured from
Mr. Jones. This report in substance
was:

Mr. Jones said he became a direc-
tor of the International Harvester
Company in April, 1909, purchasing
one share to qualify as a director. He
said he fully approved all the actions
of the company since he became a
director and believed that they were
proper, legal and within the law. Mr.
Jones announced that he is in accord
with the policy of the Harvester Com-
pany at the present time and said
that there is no difference of opinion
among the directors. He received no
compensation, he said, other than the
usual director's fee. When elected he
received the votes of the voting
trust which controlled the company.

George W. Perkins, Cyrus H. McCorm-
ick and William Deering. This vot-
ing trust has since been dissolved.
Mr. Jones said he had nothing to lose
or gain by the decision of the courts
in the anti-trust suit in the Harvester
company.

Prior to 1897 Mr. Jones told the
committee he owned and was presi-
dent of a zinc company at Mineral
Point, Wis., capitalized at \$400,000,
which was taken over by the New Jer-
sey Zinc Company, which at the time
was capitalized at \$4,000,000 and in-
creased its capital to \$10,000,000. It now
possesses 20 per cent of the stock of the
United States, 3 per cent of the stock
of the New Jersey Zinc Company and
consolidations of the dividends of the
New Jersey company last year were
\$500,000, and the year before \$4,000,
000.

PLEA FOR SUFFRAGISTS.

Ministers Want the Government to
Stop Forcible Feeding Program.

London, July 6.—Rev. Reginald J.
Campbell, pastor of the City Temple;
Rev. R. B. F. Lynd, pastor of Lynd-
hurst church, Hampstead, and several
other prominent non-conformist min-
isters have sent a letter to Premier
Asquith appealing to him to put a
stop to the forcible feeding of suffra-
gist prisoners.

The writers declare forcible feeding
is barbarous, cruel and disgusting and
that regarded as a deterrent, it has
proved futile.

"We regard it as a dangerous and
exaggerating element," they continue.
The growth of public opinion and
resting over it among otherwise
peaceable and law-abiding women, is
the greatest social danger of our time.

NAVAL RESERVES SAIL ON BATTLESHIP RHODE ISLAND

From North Carolina and District for
Two Weeks' Cruise.

Norfolk, Va., July 6.—Naval re-
serves from North Carolina and the
District of Columbia, about 400 in all,
sailed today on the battleship Rhode
Island for a two weeks' cruise at sea.
The Rhode Island will stop at Ship-
pen, Del., to take on reserves from
Pennsylvania, Delaware and New Jer-
sey.

The ship will steam out to sea to-
morrow or Wednesday and will sail
for Bermuda. While on the Rhode
Island, the naval reserves will be re-
quired to drill, stand watches and
perform other duties, the same as reg-
ular enlisted men in the navy.
They will receive the same pay as
enlisted men during the time they are
on the Rhode Island.

Washington, July 6.—The House to-
day passed the Watkins bill, author-
izing the Secretary of War to return
to Louisiana its original ordinance of
secession. The bill now goes to the
Senate.

Philadelphia, July 6.—Carroll Brown
who has been a member of the Ath-
letics pitching staff for three years,
was released today to the New York
Americans.

MARKED BY ELABORATE MILITARY CEREMONIES

Camp Grove at Asheville is
Formally Opened.

Dr. Craig Speaks at Southern
Baptist Military Instruction
Camp at Foot of Sunset
Mountain.

(Special Star Telegram.)

Asheville, N. C., July 6.—The most
elaborate military ceremonies in the
history of this city this afternoon
marked the formal opening of Camp
Grove, the Southern students' military
instruction camp, which will be con-
ducted at the foot of Sunset Moun-
tain, during the next four weeks, un-
der the auspices of the War Depart-
ment.

The appearance of marching bodies
of uniformed soldiers and the First
Coast Artillery band playing martial
airs made an inspiring spectacle as
they formed an escort to Governor
Loe and the members of his staff and
other distinguished citizens who
participated in the parade.

At the camp, Governor Craig made
a short talk to the boys being intro-
duced by Capt. Preston Brown, com-
manding officer of Camp Grove, and
following the ceremonies held in con-
nection with the opening of the camp,
the public made an inspection tour
of the canvas city as the band
rendered an enjoyable concert.

Recognizing the importance of the
opening of the camp at this city and
comprizing of the fact that the eyes
of the entire South are upon Asheville
by reason of the presence of the
student soldiers and regular army
organizations at this city, two moving
picture concerns had operators here
to secure pictures of scenes of the
opening.

WHOLE FAMILY KILLED BY UNKNOWN PERSON

Suburb of Chicago Scene of
Gruesome Murder

Father, Mother, Daughter and Grand-
child Found Lying in Their Own
Blood—Cowardly Act Per-
petrated With Axe.

Chicago, July 6.—A family of four
was wiped out by blows from an axe
in their home in Blue Island, a sub-
urb, last night. The victims were:
Jacob Neslesla, 72 years old, street
sweeper.

Anna Neslesla, wife of Jacob,
65 years old.

Mrs. Martha Mansfield, 24 years old,
two-year-old daughter of Mrs.
Mansfield.

The stiffened bodies and the blood
stained axe alone remained to out-
line the story when the crime was
discovered. Whether the butchery
was the work of a maniac or of a per-
son seeking revenge, was not discov-
ered. It was learned that Mrs. Man-
sfield had been living away from her
husband for some time. Each wife
of the slayer's axe apparently carried
death with it—death without even a
groan to arouse others sleeping in the
house.

The crime was discovered by Jacob
Neslesla, Jr., a son of the old couple,
living in another part of Blue Island.
Search was instituted for William
Mansfield, husband of Martha, who
was alleged to have deserted her a year
ago and for Michael Cherevinski. The
latter was compelled to vacate the
Neslesla house three weeks ago by
the police. Mansfield, a faculty mem-
ber of the University of Chicago, was
alleged to have been in the city for
the new tenants. He is said to have
uttered threats against the land-
lord and Neslesla.

COLLEGE MEN WITHOUT MONEY.

New Book Issued by Elton College
Student Off the Press.

(Special Star Correspondence.)
Elton College, N. C., July 6.—Mem-
bers of Elton College faculty and
friends were highly pleased to receive
from New York copies of "College
Men Without Money," a new book
recently edited by C. B. Riddle, a
member of the student body, and pub-
lished by Thomas Y. Crowell Company.
Mr. Riddle has been laboring more
than a year with the assistance of
President Harper, Drs. Lawrence,
Randolph and Campbell, to produce
the book, and its appearance tells
well the value of labor and what can
be wrought in due time.

The author gathered from all parts
of the United States the self-told
stories of how prominent men worked
their way through college and rose
from the poverty to fill a place of
usefulness in life. The book is inter-
esting, helpful, educational, and will
no doubt be the means of inspiring
a young man and woman to seek
that worthy attainment in life—a
college education. It is a unique
volume and will likely have a large
influence. The author is himself one
who is working his way through col-
lege, which he considers quite a for-
tunate circumstance.

SON KILLS FATHER.

Nineteen-Year-Old Boy Declares Fath-
er Threatened Mother's Life.

Savannah, Ga., July 6.—A tele-
phone message from Barrett, Lowndes
county, to the Savannah Press states
that George Ham, a well known farm-
er, was killed today by Charlie Ham,
his 19-year-old son. The husband, it
was alleged, quarreled with his wife
and the boy felt threatened to kill
her before night.

PLAN A CAMPAIGN AGAINST ANARCHY

As Aftermath of Dynamite
Explosion in Tenement

TO SUPPRESS ACTIVITIES

New York Police Will Not Allow Pub-
lic Funeral of Those Killed in
Accident—Was to Have
Been in Union Square.

New York, July 6.—One aftermath
of the dynamite explosion which
wrecked a Harlem tenement house
on Saturday, killing four persons, was
a conference of police officials today
at which a campaign was planned to
suppress the activities of anarchists,
Industrial Workers of the World and
kindred agitators. Of the four who
met violent death Saturday Arthur
Caron and Charles Berg were reput-
ed to be I. W. W. members and
Carl Hansen allied with anarchists.

An immediate result of the confer-
ence today may be a decision by the
city authorities not to grant a per-
mit for a public funeral for Caron,
Berg and Hansen in Union Square next
Saturday. Alexander Yerkman, anar-
chist, has announced that his follow-
ers, have arranged for such a fu-
neral.

Michael Murphy or Aupent, who
escaped his companions' fate in Sat-
urday's explosion, has eluded the po-
lice. They want to question him as
to his knowledge of a possible plot
to make use of the explosives in West
Chester county, either at the estate
of John D. Rockefeller or in the Tar-
rington court where Caron, Berg and
others were to have been tried today
in connection with their recent anti-
Rockefeller demonstrations. The
trial was postponed.

Murphy was identified today as ap-
parently the same man who twice tried
to force his way into Mayor Mitchell's
office a few days after an attempt
was made on the mayor's life in April.
He wanted to complain that a magis-
trate had fined him unjustly for speak-
ing publicly without a permit.

The police tonight scouted the
claim of Miss Louise Berger, Han-
sen's half sister, that Hansen, Berg
and Caron were killed by a bomb sent
them by enemies.

MORE SELF GOVERNMENT FOR THE PHILIPPINES.

Wilson and Leaders Agree Upon
Measure to This End.

Washington, July 6.—President
Wilson and House leaders have
agreed substantially on a bill grant-
ing a larger measure of self govern-
ment to the Philippines. The President
told callers today that he approved
the bill introduced by Representative
Jones, of Virginia, and modified by
the House insular affairs committee,
but made it clear that he did not ex-
pect the bill to be passed by both
houses during the present session.

TO GIVE HER NEW START.

Former Domestic in Wilson's Home
Released from Prison.

Trenton, N. J., July 6.—Through the
personal efforts of President Wilson,
a woman who was employed in his
Princeton home as a domestic ten
years ago will be released from the
Mercer county jail, to which she was
committed on a charge of habitual
drunkenness, the woman's name be-
ing withheld at the request of the
President, who desires to give her a
new start in life.

CO-OPERATION IS URGED.

In Good Roads Movement—Federal
Government and States.

Bretton Woods, N. Y., July 6.—Co-
operation between the Federal gov-
ernment and the States in the good
roads movement was urged by Gov-
ernor Felker and other speakers at
the annual mid-summer of the Ameri-
can Automobile Association board of
directors here today. Among those at
the meeting were Dr. H. M. Rowe,
president of the Automobile Club, of
Maryland, and Royal Scott, president
of the Automobile Club, of Toledo, O.,
and David Jameson, of New Castle,
Pa.

STRIKE IN ARSENAL.

Twelve Thousand Men in British Gov-
ernment Works Quit.

Woolwich, England, July 6.—The
entire working staff 12,000 men of
the government arsenal here which
supplies most of the guns and ammu-
nition for the British army struck to-
day.

The strike was a protest against
the dismissal of an engineer who had
refused to erect machinery on a founda-
tion constructed by non-union la-
borers.

Saumur, France, July 6.—Legat-
neux, one of the best known French
aviators, was killed today while at-
tempting a double loop in the air. He
had completed the second loop when
the propeller broke as the aviator was
finishing a glide of the machine and
the machine pushed into the river
Loire.

Washington, July 6.—Members of
the Massachusetts delegation in the
House strove without success today
for Federal action on President Wil-
son's recommendation that \$200,000
be appointed to relieve homeless vic-
tims of the recent Salem fire.

Chicago, July 6.—A jury today
awarded James B. Wilson, former
freight conductor on the Baltimore and
Ohio railroad, \$75,000 for injuries he
received after he had been forced to
work 85 hours out of 72, according to
testimony.

EARNEST PLEA IS MADE FOR WOMEN EDUCATORS

By President of National Edu-
cational Association.

Andrew Carnegie Is Planning the Es-
tablishment of Libraries in the
Rural Districts At an Out-
lay of Many Millions.

St. Paul, Minn., July 6.—An earnest
plea in behalf of the woman educator
by President Joseph Swain, recom-
mendations for radical changes in the
present house school system and dis-
cussion of a plan for establishment
of libraries in the country districts
to which Andrew Carnegie may be
chief contributor, marked today's ses-
sion of the National Education Asso-
ciation.

Supporters of the presidential can-
didacy of Dr. David Starr Jordan were
elated over the declaration of Presi-
dent Swain and pointed out that such
views expressed by the adminis-
tration would go a long way in bring-
ing the support of the women delega-
tes to Dr. Jordan who is termed the ma-
chine candidate by the Southern dele-
gates. The campaign of the "solid
South" in behalf of Prof. David B.
Johnson who is Dr. Jordan's chief
opponent, was being carried vigorously
forward tonight.

Philander P. Claxton, Federal com-
missioner of education, told a meet-
ing of State superintendents that An-
drew Carnegie is considering a plan
for the establishment of libraries in
country districts that would call for
a contribution of between \$75,000,000
and \$100,000,000 by the steel mag-
nate.

Discussing the necessity of increas-
ed salary for the woman teacher, Miss
Margaret H. Healy, of Chicago, declared
that if every corporation in a city
were forced to pay its taxes the ques-
tion would be solved.

She advocated more study by edu-
cators of labor conditions and said
the teacher knew too little of eco-
nomic questions to be responsible for
the future citizenship of the country.
It was announced unofficially today
that those in favor of simplified spell-
ing will make no effort to place the
matter before the convention this
year.

BOMBARD WITH LITERATURE.

Suffragettes Take Advantage of Visit
of Royal Couple.

Edinburgh, July 6.—The suffra-
gettes took advantage of the visit
here today of King George and Queen
Mary to prepare the usual suffragist
demonstration in which the bombard-
ment of the royal couple with sur-
fragist literature was the feature.

The women obtained possession of a
balcony in a House opposite the
station and as the royal carriage
emerged, threw down upon it a lot of
suffragette appeals. Then the detec-
tives seized them and leaving the
king, looking up, saw the women
struggling in the arms of the of-
ficers.

ROOSEVELT TIRED OF REST.

Growing Restless and Longing to
Get Into Fight.

Oyster Bay, N. Y., July 6.—While Col-
onel Roosevelt is improving rapidly under
rest cure treatment, it is said today
that he is growing restless and long-
ing to get into the fight. Less than one
of the six weeks rest prescribed for
him has elapsed, and tonight he show-
ing withal at the request of the
President, who desires to give her a
new start in life.

TO AMEND HOME RULE BILL

Bill Passed on Second Reading by the
House of Lords by Vote of 273
to 10, Yesterday.

London, July 6.—The House of Lords
today passed by 273 to 10 the second
reading of the bill to amend the Irish
Home Rule bill.

The House of Lords would pass
the bill in order to amend it in com-
mittee was a foregone conclusion, but
there was surprise that only ten "die
hards" could be found to vote for
Lord Willoughby de Broke's motion
for its rejection.

The Marquis of Crewe, in closing
debate for the government, challeng-
ed the opposition to guarantee that
there would be no civil war in Ireland,
even if the bill was amended, totally
excluding Ulster. Concerning the pos-
sibility of a solution by the conference,
if dropping the amending bill and
breaking down the government's policy
was to be a preliminary, it would
be impossible for the government to
accept it, but short of entailing such
a sacrifice, the government was most
anxious to facilitate a conference, he
said.

After division was taken, notices of
several amendments were handed in
providing for the exclusion from home
rule of the whole of Ulster. These
amendments, if carried, will make the
exclusion of the whole province of Ul-
ster absolute, without any referendum
or election, and the excluded province
will be placed under the jurisdiction
of the new Secretary of State in the
Imperial parliament, whose adminis-
trative orders would require the sanc-
tion of the British parliament.

MEXICAN AFFAIRS AT A STANDSTILL

Until Carranza-Villa Trouble
is Settled.

CONFERENCE DELAYED

Plans for the Proposed Meeting of
Carranza and Huerta Represen-
tatives Cannot Mature Until
Outcome of Conference.

Meeting at Wrightsboro Church.
There will be services at the Wrightsboro Baptist church tonight at 8:15 o'clock, conducted by Rev. W. Marshall Craig, assistant pastor of the First Baptist church. A cordial invitation is extended to the public to at-
tend. Members of the church are urged to be present.

—Suit has been started in Superior Court by J. G. Callahan against the Seaboard Air Line railroad. The plaintiff is represented by J. Felton Head, Esq.

RUBE BENTON

Red McGhee says:

Buck Herzog went a big wet weep an' lost a lot of beauty sleep before his team went South. His pitchin' staff was on his mind—small wonder that he staved an' whined an' seemed down in the mouth. Rube Benton, hurt, was out for good. The docs all said he never would be fit to play again. But fate upset the dope once more, Buck's spirits started in to soar—Rube fooled the medic men.

He started in to use his arm an' findin' that it did no harm he livened up the pace. The ol' southwinding reported dead just rose up from its ol' sick bed an' kicked back into place.

The season opened. Rube went in an' opened things up with a win an' he's been winning since. Ask Herzog how he pulled the stunt. Buck grins a grin an' says he'll hunt for sugar in a quince.

The Rube is goin' to beat the cars an' the other southpaw stars all humpin' to keep pace. Buck's scoutin' 'round for more sick beds while Rube's bum arm keeps Cincy's Reds a factor in the race. A safety vault in some strong bank can't hold the crown of Eddie Plank, Waddell and Breitstein if this new find keeps up his stride. He's started off on one wild ride down baseball's come-back line.

Red McGhee

FEDERAL

BROOKLYN BATTERS
POUND BALTIMORE PITCHERS.
Four Terrapin Pitchers Dished Up Total
of 16 Hits.

Brooklyn, July 6.—Brooklyn fell upon four Baltimore pitchers for 16 hits today and won the opening game of the series, 10 to 5.
Baltimore . . . 300 002 000—4 8 2
Brooklyn . . . 320 000 12x—10 16 0
Stiggs, Young, Hughes, Wilhelm and Jackitsch, Boucher, Marion and Owens.

LANG WAS HIT HARD
BY KANSAS CITY.
His String of Five Consecutive Vic-
tories Rudely Broken.

Chicago, July 6.—Kansas City hit Lang hard today and defeated Chicago 4 to 1. Previously Lang had won five straight games.
Kansas City . . . 010 000 201—4 12 2
Chicago . . . 000 001 000—1 3 0
Packard and Easterly; Lang, McGuire and Wilson.

BUFFALO'S FINAL RALLY
THREATENED PITTSBURG.
But They Beat Out a Six to Five Vic-
tory Over Locals.

Buffalo, July 6.—A ninth inning rally by the local batsmen for a time today threatened Pittsburgh's 6 to 5 victory. Albert Schults who jumped the New York Americans recently pitched three innings of today's game for Buffalo.
Buffalo . . . 301 000 001—5 9 0
Pittsburgh . . . 003 111 000—6 11 2
Schultz, Grapp and Blair; Keltner and Bernielstie.

WINS SECOND PLACE.

L. C. Grant, Esq., Attends Richmond Trap Tournament.
L. Clayton Grant, Esq., of this city, was the winner of the second place in the amateur event in the first tournament of the West End Gun Club, at Richmond, Va., Saturday, tying with R. D. Morgan, of Washington, D. C., with a score of 129 out of 140, and winning on the shoot off. Mr. Grant was awarded a very handsome silver medal. He was also the winner in several of the merchandise events. Emory H. Storr, of Richmond, was the professional high gunner, with a score of 133 out of 140.
Mr. Grant is one of the crack shots of the New Hanover Gun Club. He returned to the city yesterday.

STARS

"FINISHING AVERAGES" OF MAJOR TWIRLERS.

Walter Johnson Has Record of .933.

Has Finished 14 Out of 15 Contests in Which He Has Been Griffith's Choice for Mound Duty.

It will be impossible for Walter Johnson to amass as high a percentage of victories this season as he did last, but indications point to the car winner of 1913 equalling one of his records of that campaign, namely: pitching more complete games than any other major league artillerymen. Last year Sir Walter went the route in 29 controversies. Tyler, the Braves' southpaw, running him a close race for the honor of being a stickler by finishing 28 of the games in which he had been his manager's pioneer choice.

In the first ten weeks of the 1914 campaign, Johnson twirled 14 complete contests, no other major league pitcher doing as well. Daus, of the Tigers, and Caldwell, of the Yankees, each have lasted from start to finish 11 times, while these men—Christy Mathewson, of the Giants; Larry Cheney, of the Cubs, and Grover Cleveland Alexander, of the Phillies—have rid their systems of 10 complete contests each.
Ray Caldwell, of the Yankees, has the unique record of having finished every game he has started—and his starts have numbered 11. Joe Wood, of the Red Sox, lasted through both games in which Manager Bill Carrigan selected him to officiate, and Kahler, of the Naps; Luque, of the Braves, and Kuntze, of the Pirates, went from start to finish in the lone contests in which they were picked by their leaders to subdue the enemy. Kahler and Luque lost their combats and were sent to minor league teams, Kuntze won his games, but a lame arm since has kept him idle.
Johnson has a "finishing average" of .933—that is his percentage of games in which he has lasted when he has been Clarke Griffith's original pitching nominee. The Senator would have had a perfect record, like Caldwell, had his commander not pulled him off the slab in the game against Boston on May 25, after the Senators had piled up an eight-run lead in seven innings.
All told, there are 29 major leaguers (17 of them Johnsonites, 12 of them Tenentes), who have "finishing averages" of .600 or better. The high mark—1.000—is claimed by Caldwell, Wood, Kahler, Kuntze and Luque; Johnson follows with .933; Pfeiffer, of the Superbas, a newcomer to the fast ways of the majors, is next with .900; Dick Rudolph, of the Braves, .833; Dick Rudolph, of the Braves, .833; and Urban Faber, of the White Sox, .800.
Then follows Daus, of the Tigers, .750; Alexander, Phillies, .709; Coveleski, Tigers, .750; Leonard, Red Sox, .700; James, Braves, .750; Marquard, Giants, .700; Foster, Red Sox, .667; Benz, White Sox, .643.

THEATRICAL

Without doubt the most stupendous, the most brilliant and in every other way most enjoyable moving picture production ever made in Wilmington, will fall to the lucky lot of amusement lovers of this city today, when the popular Grand Theatre will offer "The Three Musketeers," a wonderful, graphic and expensive moving picture production of Alexander Dumas' great novel by that name. It takes six big reels to portray this big story on the screen and the Grand will make the presentation with special effects including superb incidental music by Miss "Fresman," the brilliant "Wurlitzer orchestra virtuoso," now playing a special engagement at the Grand. Besides the incidental music, Miss Fresman has arranged a splendid programme of overtures for each performance today.

"The Three Musketeers," as is well known, is a thrilling drama, of romance and adventure, during the time of Louis XIII, and into the telling are introduced this noted monarch, Cardinal Richelieu, the Duke of Buckingham and other well known characters. The roles of the guardsmen, led by "D'Artagnan," are all in the hands of most capable actors.
Wilmington people will have the chance of witnessing this wonderful six-reel spectacle today for a smaller admission than ever charged before—grown-ups 10 cents and children 5 cents. The performance will commence at 11 o'clock this morning, continuing until 11 o'clock tonight.

Big Day at Bijou.
A notable new photo-drama has been released to the popular photo-play house for today, a Victor two-reel dramatic feature photo-play, "The Silent Witness," in which that peerless screen actor, J. Warren Kerrigan, after playing in eastern pictures, returns to the Western role, where he first gained notoriety and fame in the movies. It is simply immense, this first one of Kerrigan's new Western releases, and will appeal as much to those who have not before seen him in a Western role, as to those who remember his first appearance in this branch of the screen actor's art.
Of the leading men on the screen today, none compare with "Jack" Kerrigan in essaying these Western roles. He has the physique, the poise, and he knows the West and its ways thoroughly. The silent witness is a kodak belonging to a girl—the only one in the small village, and the way it proves the trickery of a deep dyed villain makes one of the biggest stories of the year. Seen in the east with Kerrigan are two other big stars, George Periolat and Vera Slisov, who add to the play immensely in the per-

REPAIR "KING GEORGE ROAD"

Mr. Godwin is Asked to Secure Federal Money and to Vote for Hobson Resolution.

(Special Star Telegram.)
Washington, D. C., July 6.—Representative Godwin has received a letter from Attorney Clark, of Elizabethtown, asking that he secure Federal good roads money to help repair the road from Fayetteville to Wilmington. The road goes over one of the most historic routes in the State. It is known as the old "King George Road," and passes by Elizabethtown, "Brompton Palace," where the first governor's mansion was located, and "Tory Hole." Mr. Godwin is looking into the matter and will bring it to the attention of the government officials.
Mr. Godwin also received a petition from the Christian Endeavor Society of the First Presbyterian church, Wilmington, asking that he vote for the Hobson bill for nationwide prohibition.
For District Supreme Court Judge, Edith R. Representative Ed. W. Fou or Tom Ruffin may be appointed judge of the District Supreme court to succeed the late Judge Barnard. The job pays \$6,000 a year and the appointment is for life. While at the White House today Senator Simmons told the President of the ability of both Messrs. Fou and Ruffin.
The President sent to the Senate the nominations of candidates for postmasters as follows: B. A. Sumnerlin, Mt. Olive; J. T. Bynum, of Hope Mills; and W. W. Jones, of Franklin.

BEFORE THE RECORDER.
Negro Woman Sent to Farm for Three Months for Selling Whiskey.
Mollie Spicer, colored, was sent to the county farm yesterday for three months by the Recorder for selling whiskey. Shorty Ashe, colored, for the same offense, got 60 days on the county roads. Maggie Smith, colored, was given an additional 30 days on the county farm for escaping some time ago.
A nol pros with leave was taken in a case against H. C. Couch, white, charged with slapping a young lady of a vaudeville troupe. Percy Reed was fined \$25 and the costs for assaulting a female. Sam Evans, colored, paid \$5 and the costs for an assault. Sarah Batts, colored, paid the costs for being disorderly. W. E. Shepard, colored, went to the roads for 30 days in default of the payment of fine of \$5 and the costs for being disorderly.

From Office-Boy to President—we all want success—To win, we must be quick, keen, alert, direct—

INTRASTATE FREIGHT RATE HEARING TODAY

Will be Resumed in Asheville
by the Commission.

Will Begin Where It Left Off When
Rate Expert Hilman Was Called
Home on Account of Illness
of His Wife.

(Special Star Correspondence.)
Raleigh, N. C., July 6.—The intra-State freight rate hearing will be resumed in Asheville Tuesday at the point where the commission left off when C. W. Hilman, who furnished the figures for the bill, was called to his Kentucky home on account of the illness of his wife. A number of shippers will be present, Jesse G. Ball, of Raleigh, being among the number. It is probable that the Just Freight Rate Association will be reorganized during the hearing, as President Fred N. Tate has called another meeting.

Conference With Traffic Managers.
Chairman E. L. Travis, of the North Carolina Corporation Commission, is in Asheville today in conference with the traffic managers of the railroad companies that do inter-State freight business in this State with a view to adjusting a number of discrepancies between the details of the compromise inter-State rates that were agreed upon by the railroad companies and the State authorities and accepted by the special session of the Legislature, and the published schedules of these railroad companies placed in effect June 20th.

These differences are in some minor matters and there is no anticipation of any serious complications in bringing about the adjustment. Also Chairman Travis will take up with the C. & O. Railroad Co., and possibly the N. & W. the matter of a change in the rules governing freight on grain in transit and grain products whereby it appeared to the North Carolina commissioners that the railroad companies had changed the rule to the detriment of the interests of the North Carolina dealers since the adoption of the reduced inter-State rates. It was first announced that the Norfolk & Western had changed the rule just as the C. & O. had, but it now appears that this is not the case. Chairman Travis expects to remain in Asheville this week to be at the hearings before the Intra-State Freight Rate Commission, Judge M. H. Justice, chairman, that is to hold the final hearings as to the reasonableness of the reduced rates prescribed by the Justice Act of the special Legislature and to declare a just and reasonable schedule of intra-State freight rates.

Teachers' Examinations Thursday.
The State Department of Education is rushing out to all the county superintendents of public schools the lists of questions to be asked by the State board of examiners that the superintendents are to use Thursday of this week in examining the applicants at each county seat for licenses as high school teachers and five-year certificates. Indications are that the examinations will be undertaken by increasingly large numbers of people in all parts of the State.

In Camp Today.
The Third regiment, North Carolina National Guard, entrained for Morehead City last night, and by Tuesday Camp Glenn will be the scene of military activities. Company B, Capt. W. F. Moody commanding, left last night. Adjutant General Young is in Asheville, where he is expected to be present at the opening of the summer camp, and he will join the regiment at camp Tuesday. Governor Craig will inspect the camp July 11, he is staying at the Asheville hotel, where a reception will be tendered him and his staff by the officers.

Influx of Farmers.
There will be a greater influx of farmers to North Carolina next fall than ever, according to the Department of Agriculture, which has received many letters of inquiry from all sections of the country. From these letters Commissioner Graham infers that the piedmont section and the eastern section will have a full share in the distribution. Every mail brings inquiries from farmers who are desirous, they say, of buying land in this State.

Honor to N. C. Osteopaths.
Dr. Harold Glascock, of Raleigh, will be one of the speakers at the 15th annual convention of the American Osteopathic Association in Philadelphia the first week in August. He will talk on "Adhesions." Dr. W. B. Meacham, of Asheville, will speak on the "Relation of Nutrition to Body Resistance." A number of osteopathic physicians and surgeons from various parts of North Carolina will attend as delegates.

This will be the largest gathering of osteopathic physicians and surgeons ever held in the world. Three thousand are expected. The convention will last the entire week. The sessions will be held in the Bellevue-Stratford, one of the most magnificent hotels in the country. "Health Sunday" will be observed in Philadelphia the day before the meetings begin, and the pulpits of the principal churches will be occupied by distinguished osteopaths from other cities. Clinics will be held in the Philadelphia Hospital, the largest institution of its kind in America.

Two of the biggest events of the convention will be the report of the director of the Research Institute, by Dr. John Deason, of Chicago, showing the results of laboratory experiments to determine the truth of osteopathic theories; and the demonstration of the new cure for catarrhal deafness by "finger surgery" by Dr. James D. Edwards, of St. Louis.

RESCIND APPROPRIATION
FOR FARM LIFE SCHOOL.

Wilson County Commissioners Think
They Lack Authority and Money.

(Special Star Telegram.)
Wilson, N. C., July 6.—After a spirited discussion, the Board of County Commissioners today rescinded their action of several weeks ago in reference to the appropriation for a farm life school for this county.

The board decided that they had no legal right to make the appropriation and further announced that the county was not financially able to expend the money needed and formally approved the rescission.

SATISFIED AND CONFIDENT

Hon. Geo. E. Hood Speaks at Burgaw
—Large Crowd and Several
Meetings in Town.

(Special Star Correspondence.)
Burgaw, N. C., July 6.—Burgaw was quite lively today. The regular meeting of the county commissioners, together with the meeting of the Board of Education, tended to draw a larger crowd than usual on the first Monday. And in addition to these meetings, there were the meetings of the "free rangers" and the Pender County Democratic Executive committee.

The committee met for the purpose of organizing, as the meeting held in June was considered irregular and invalid. At the meeting today, Mr. H. Overstreet was elected chairman and Mr. C. D. Murphy, secretary.

In addition to all these various meetings, Hon. Geo. E. Hood, of Goldsboro, was here meeting his friends, and made a short address in the court house in the afternoon, explaining his position before the committee which "counted" the votes of the Third district primary in Goldsboro and also his position before the State committee.

He expressed himself as satisfied with the action of the committee in calling a second primary and his confidence in his nomination at the coming primary.

Mr. J. P. Herring, farm demonstrator for New Hanover county, was here in the interest of that work for Pender county, but the commissioners declined to act on the matter at this meeting, but will probably give it favorable consideration later.

LARGE CROWD AND BUSY
DAY IN ROBESON CAPITAL.

Prof. Shepherd Announces Himself as
Candidate for the House.

(Special Star Telegram.)
Lumberton, N. C., July 6.—Notwithstanding there was no court today, there was a large crowd in town and some of the candidates have put in some hard work.

The county Democratic executive committee met and adopted plans for the county primary to be held August 8th. All other county boards were in session, making the court house a busy place all day.

Your correspondent was authorized this afternoon to state that Prof. Marshall Shepherd, of Orrum, has announced himself a candidate for the Legislature and, having served the county as representative four years ago, it will be nothing new to him.

So far Mr. McLeod has no opposition for the Senate, but McNair and Sellers, from Maxton, and Shepherd from Orrum, will make the race for the House.

Court will convene tomorrow morning with Judge Cooke presiding.

MRS. ED PENNINGTON DEAD.

Was One of Tarboro's Most Estimable
Women.

(Special Star Correspondence.)
Tarboro, N. C., July 6.—A pall of gloom was cast over this entire city and surrounding country Sunday morning when the news became known that Mrs. Ed Pennington, one of the most beloved ladies of Eastern North Carolina, had died at her home Saturday night following a sudden attack of acute indigestion.

Shortly after 10 o'clock she entered the house complaining of indigestion that rapidly grew worse and, despite the efforts of those around her, she died in about an hour.

As soon as it was seen that Mrs. Pennington was really ill, Dr. Norfleet, the family physician, was sent for and the other children living in the city were notified.

KILLED IN SELF DEFENSE.

Claim of Greensboro Negro Charged
With Wife Murder.

(Special Star Telegram.)
Greensboro, N. C., July 6.—The hearing of James Faison, the negro who Saturday killed his wife and then surrendered to officers, was postponed until tomorrow. He says the killing was in self defense.

A meeting of the Pension Board was held in the office of the Clerk of Superior Court yesterday afternoon, at which time several applications were taken under consideration. Final action on the applications was postponed to a later meeting to be held subject to the call of the chairman.

Several Cases Heard Yesterday—Others Tomorrow.

B. C. Reeves and Dock Rushing, white, charged with an affray at Carolina Beach, were given a hearing before Justice George Harris yesterday and judgment was suspended on payment of one-half the costs each.

Louis Green, colored, charged with retailing, is under bond awaiting a hearing before Justice Harris tomorrow.

Andrew Bethea, colored, charged with the larceny of a pair of shoes from the Swift Fertilizer factory, was given a hearing before Justice Harris yesterday, and probable cause being found, was sent over to the Recorder for trial today.

PYTHIAN BUILDING CONTRACT

Messrs. Rhodes & Underwood Successful
Bidders for New Princess
Street Structure.

Messrs. Rhodes & Underwood, the well known local contracting firm, were yesterday awarded the contract for the erection of the new Pythian building to be located at No. 206 Princess street, on the site of the one-story frame structure occupied by Justice George Harris for the past several years. There were five or six bidders for the work, the proposal of Messrs. Rhodes & Underwood, to do the work for \$15,000, having been the lowest.

The contract was signed by Jos. W. Little, Esq., as president of the Pythian Castle Hall Corporation, of which the directors are as follows: Messrs. W. E. Perdue, J. R. Hanby, Geo. W. Branch, W. P. McLaughlin, R. C. DeRossett, J. D. Nutt, Irrell Meares, Esq., and Dr. W. C. Galloway.

Work upon the building will begin at once, and the contract calls for the completion of the structure by October 1. Justice Harris moved out of the small frame structure now occupying the site last night, and will in the future be located at No. 210 Princess street, a few doors north, in the office formerly occupied by the Acme Sign Works.

The new Pythian building is to be three stories in height, 43x66 feet in size and of tawny brick with limestone front. On the first floor will be located two stores, which will be rented out; the second floor will be devoted to offices, also be rented out, while on the third floor will be located the Pythian Castle Hall, where the different Pythian lodges of the city will hold their meetings. Plans for the building were drawn by Mr. H. E. Bonitz, the architect, who is an ardent member of the order, and who will supervise the construction of the new building.

AFTER AUTO OWNERS.

Indictments Against Those Who Have
No New Numbers.

Justice George Harris was busy yesterday issuing warrants for those indicted by Sheriff Cowan for failure to provide new automobile license numbers for their cars, the old license numbers having expired June 30th. Those indicted by the sheriff yesterday are as follows:

Messrs. R. M. Wright, Raymond Hunt, J. C. Shepard, Robert Tucker, Jr., R. R. Stone, R. R. Stone, Jr., S. P. Adams, Tom Piner, C. S. Burnett, D. McEachern, Dr. Houston Moore, Dr. E. S. Bulluck and John Smith, colored.

The papers were served on most of those indicted yesterday and hearings will be held before Justice Harris tomorrow. In the meantime the sheriff is preparing a list of others who have failed to secure the new numbers and similar action will be taken against them.

BEFORE JUSTICE HARRIS.

Several Cases Heard Yesterday—Others Tomorrow.

B. C. Reeves and Dock Rushing, white, charged with an affray at Carolina Beach, were given a hearing before Justice George Harris yesterday and judgment was suspended on payment of one-half the costs each.

Louis Green, colored, charged with retailing, is under bond awaiting a hearing before Justice Harris tomorrow.

Andrew Bethea, colored, charged with the larceny of a pair of shoes from the Swift Fertilizer factory, was given a hearing before Justice Harris yesterday, and probable cause being found, was sent over to the Recorder for trial today.

—A meeting of the Pension Board was held in the office of the Clerk of Superior Court yesterday afternoon, at which time several applications were taken under consideration. Final action on the applications was postponed to a later meeting to be held subject to the call of the chairman.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the
postoffice at Wilmington, N. C., under Act
of Congress March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT
PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily
newspaper in North Carolina, is published
daily and mailed to subscribers outside the
city at \$6 per year; \$3 for six months;
\$1.50 for three months; 50 cents for one
month, or served by carrier in the city at
\$2.00 per month, \$5.00 for six months; \$1.75
for three months.

THE SUNDAY STAR, by mail, one year,
\$1; six months, 50 cents; three months, 25
cents.

ADVERTISING RATES may be had on
application, and advertisers may feel as-
sured that through the columns of this pa-
per they may reach all Wilmington, East-
ern Carolina and contiguous territory in
South Carolina.

Obituary sketches, cards of thanks, com-
munications espousing the cause of a pri-
vate enterprise or a political candidate and
like matter will be charged at the rate of
10 cents per line to persons carrying a
regular account, or, if paid cash in ad-
vance, a half rate will be allowed. An-
nouncements of births, marriages, deaths,
picnics, excursions, society meetings, polit-
ical meetings, etc., will be charged under
the same conditions, except so much there-
of as may be of news value to the readers
of the paper, in the discretion of the edi-
tors.

TELEPHONES: Business Office, No. 51.
Editorial and Local rooms, No. 61. Call
either, if the other doesn't answer.

COMMUNICATIONS, unless they contain
important news, or discuss briefly and
properly subjects of real interest, are not
wanted; and, if acceptable in every other
way, they will invariably be selected un-
less the real merit of the submission recom-
mends the same, not necessarily for publi-
cation, but as a guarantee of good faith.

ALL DRAFTS, checks, express money
orders and postal money orders for the
paper should be made payable, and all
communications should be addressed to
THE WILMINGTON STAR CO.

Tuesday, July 7, 1914.

Some men are wanted for what they
can do. Others are "wanted" for what
they have done.

The funny part of it is, that some
statesmen are taken as seriously as
they take themselves.

Innocent pleasure and amusement
is the kind which innocent people
have for the purpose of social enjoy-
ment.

A farmer with a load of rye and a
man loaded with rye are two differ-
ent classes of citizens to be met at
Peoria.

Rather than resign, a Congressman
will stay in Washington all summer
for fear some fellow who wants his
job will accuse him of deserting his
post.

The Atlanta Constitution publishes
"some striking tax figures." We have
seen some so striking as to make a
shiny taxpayer fall dead at the
first lick.

No married man can now be safe
all he looks under the table, or in the
closet, or under the bed or in every
revice, to see that no diaphanous can
repeat what he says out loud.

A dignified man who tries to kick
turns our idea of a grotesque per-
formance. A man who has no dig-
nity can kick like a steer which has
been trained in by a drummer who
can't stand for hard luck.

The news from all over the country
indicates that we have learned to
celebrate the Fourth of July so we
can live to tell the tale. On the
Fourth eleven years ago, 466 persons
were killed and 3,983 injured.

"You can lead a horse to water but
you can't make him drink," though
it must be remembered that a horse
has too much sense to take a drink
just because somebody may insist on
it. In that respect, a man acts to the
contrary so he will be under no obli-
gations to any horse for setting him
in example.

If the worst comes to the worst, a
great many Republicans will never
consent for the G. O. P. elephant to
be hitched up and driven to such a
vehicle as the Bull Moose cart. The
elephant has four feet with which
to stand pat, but there are plenty of
conservative Republicans who will
turn away from him if they catch
him standing on his head at Arm-
istice.

The editorial page of the Columbia
State on Sunday was grave and digni-
fied. That customary column of pa-
raphrases had the lid put on it and con-
sequently that much gaiety, frivolity,
rondliness, pungent perniculousness
and pricking prodigality was eliminat-
ed. That symposium of sillographs was
omnipresent by its absence, and the
question is how they kept Bob from
disturbing the dignity of the Sunday
page? Is it to be a rule that he is to
be "squashed" one day out of the
even so it won't be so gay on Sun-
day?

Lincoln county boasts of a cat
which has adopted two motherless
cats and is giving them her undivided
attention. The probability is that she
is not on the outside of the mother rat
in keeping the two young ones in
good condition in the event that there
should be a rainy day when rats are
scarce. If the young rats have inher-
ited either cunning or wisdom, they
ad better agree on a concerted plan
to slip away and frustrate the artful
indications of their suspiciously fru-
al foster mother.

Having made Europe laugh in its
leeve by giving out some of his rules
or running their monarchical forms
of government, it was to have been
expected that T. R. would come on
some and strongly emphasize his
less for governing the United States
and more or less regulating South
Carolina. Being satisfied that he still
as a corner on wisdom, he has re-
signed as associate editor of The Out-
look so he can complete his plans for
flooding his great store of knowl-
edge on an unsuspecting public.

FUNERAL FOR THE GOOD OF
THE CITY.

Mark Twain once struck a city and
after making a survey of it came to
the conclusion that it had some fine
possibilities in it, but that with every-
thing that could be done to help it,
nothing would help it so much as a
lot of "first class funerals." That, of
course, meant that the death of some
of the town's best known citizens
would have to take place so it would
be impossible for them to block the
way to its progress.

Mark Twain's joke was on the class
of men who hold back their town or
put mouth on everything that is pro-
posed for its development. Of course,
nobody favors a funeral of any man
for the good of the town, but a better
plan for dealing with obstructionists
would be to show them under. Some-
times a mimic funeral answers the
same purpose, and it was that kind
which Paterson, N. J., solemnly held
a few days ago. Paterson got tired of
his knickers, grousches, kickers and
tightwads, and held a burlesque fun-
eral which was meant to typify their
burial. Three dummies were prepared
to represent the dead body of Dr.
Tightwad, Old Man Pessimist, and
Chronic Kicker. They were solemnly
loaded into hearses, and away the
procession went to the burial ground.

Thousands of people, including the
hilarious small boy, followed in the
wake of the cortege, but no tears
were shed. On the contrary, there
was glee and laughter, and a band
of music played a mock dirge while
the throng followed with jests and
engaged in hilarious conduct all along
the route. The whole affair was in-
tended to be a mockery, and it was
a hollow one that was rather inspired
to hurt the feelings of those whose
burial the funeral was supposed to
represent. Each class of Paterson-
ians who have knocked, or kicked, or
have been glued to their money could
not help regarding the affair as per-
sonal. It was aimed at all and it did
not go wide of the mark.

Upon arrival at the burial ground,
Doctor Tightwad was consigned to the
grave and a nickel was buried with
him. Old Pessimist was tumbled into
his grave and with him went the
words of the old tune "The Old Cow
is Dead." Chronic Kicker was laid
low with a big hammer draped in
mourning. The funeral oration was
an eloquent proclamation of joy and
gladness, and the redemption preach-
ed was that of a city that had long
been cursed by the activities of calum-
ny hawks, knockers and others
whose dummy cadavers were laid
with mock ceremonies in the silent
grave.

That was a way Paterson boosters
and optimists adopted to emphasize
the fact that it was tired of knockers,
grousches, pessimists, cheap screws,
and the whole list of persons whose
chief end is to predict calamity, fore-
tell disaster and generally discourage
boosters, make life miserable for ev-
erybody, and actually damage the
city.

Unfortunately, every city has its in-
dividuals who lament, lambast and
howl, and their chief stock in trade
is to insist that the country, the town
and everything in them is going to
the demitison bow-wow. Mean-
while, everything is going ahead and
everybody knows it but a class of peo-
ple who can't see ahead.

A GEORGIA COUNTY SECEDES.

Brooks county, Georgia, has issued
a declaration of independence. It has
separated itself from Georgia, or rather,
has left the most of Georgia be-
hind. It has left many counties in
the rear, and has declared its inde-
pendence of them and of the West or
any other part of the country upon
which it has depended in the past.

The Brooks County Industrial Club
has made the declaration of independ-
ence for the county of Brooks. In a
letter to the Manufacturers' Record
Mr. E. Y. Clark, secretary of the club,
states that his county not only pro-
duces its entire corn and meat supply,
but this year will ship out many
thousands of pounds of ham and ba-
con. The farmers got together and
brought about that revolution. Sec-
retary Clark writes:

"For several years the county has
planted one-third more acreage in
corn than in cotton, and this year
they are shipping about 750 carloads
of watermelons and have shipped
about 75 carloads of cucumbers. Quit-
man is a small town practically run
by the farmers of Brooks county. One
citizen of Brooks county, who was for-
merly a large farmer, but who is now
president of one of the town banks,
related to me the fact that when he
quit farming he took the merchants to
pay him what they owed. A reference
to the books of the merchants of this
county will show that in probably 60
per cent of the instances the mer-
chants owe the farmer. I doubt very
much if there is another county in
the South where such conditions ex-
ist."

There is no need of saying that
prosperity reigns in Brooks county.
On account of its becoming a corn
producing county it is feeling its oats.
Corn to supply the home demand and
to produce enough meat for all the
people of the county, besides a sur-
plus to ship away, has put Brooks in
a far better condition than that of
counties which have stuck to cotton
till cotton has stuck them.

The splendid results in Brooks
county have demonstrated the signal
value of diversified farming, and it is
conceded that Brooks is "the leading
county of Georgia." Nobody can dis-
pute the claim, for Brooks can prove
it by showing what she has achieved.
The farmers of that county seem to
have reversed the economic order. In-
stead of being in debt to the mer-
chants, the merchants are in debt to
them. However, the merchants are

prosperous and no doubt most of them
are able to pay out. Otherwise, the
farmers will have to "carry them
over" for another year.

WILSON'S GAME FOR THE PEOPLE

Collier's Weekly dopes it out that
"if a majority of the voters of the
United States cast their votes this
fall in favor of the Democratic candi-
dates for Congress, it will be solely
upon the theory that the best way to
run the United States is to provide
Woodrow Wilson with a sufficient
number of pawns to do with exactly
as he wishes."

However, in view of the fact that
Wilson is playing the game against
"privilege" experts and "special in-
terest" gamesters, the people hope
he will handle the pawns in a way
to completely checkmate those who
make an asset of the people. Whether
Collier's has its eyes open or not, the
people have.

In the meantime, Wilson is not mov-
ing the pawns with half the ease and
celerity that Collier's would have the
innocent bystander believe. This is
mid-summer, and yet the game of the
people lacks a great deal of being
finished. Down this way we consider
that as evidence that Wilson is not
moving pawns so deftly as Collier's
has presumed.

Anyhow, the perceptive faculties of
Collier's seem to be so befogged that
it has not been able to observe that
the pawns have been placed by the
people and that they move in touch
with Wilson rather than that he has
had to do all the moving.

We don't know whether Collier's
remembers it or not, though we do,
but the time was when "pernicious
lobbies" used to hang around Wash-
ington and keep in touch with the
pawns. In those days some of the big
pawns gave a good imitation of jump-
ing jacks when the whip was cracked
for any movement which meant the
exploitation of the masses. Doesn't
Collier's know that is history? If not,
the people do.

Secretary McAdoo has sent out an
inquiry as to how much money is
needed to move the crops. He wants
to know for the reason that he has
a few simoleons in the Treasury if they
are needed to help the farmers, the
real producers of prosperity. The
Secretary's readiness to put govern-
ment money in the channels of trade
indicates his confidence in the admin-
istration and proves his faith in agri-
culture. In the meantime, there
are some other people who think if
the farmers can be made to feel the
pinch about crop moving time it
would make them calamity howlers.

A man who believes in Democratic
principles may not find his complete
ideal in the Democratic party, but he
sticks to it because it comes nearer
to it than any other party. If a man
gets in his party the maximum of
what he actually believes in, he will
never go to any party which has not
a single principle in common with his.
The tenets of other parties are based
on principles radically different from
and antagonistic to those of Democra-
cy, hence a Democrat could never find
in them any single ideal that he gets
in his own party.

The American people broke with
the special privilege tariff when
Roosevelt and Taft were at the head
of the government during a period of
about twelve years. The tariff as they
permitted it to be handled oppressed
the masses and enriched the few. Now
the colonel strains his lame larynx
with a new plan to handle the tariff.
Having tried him along that line be-
fore, the country will prefer to give
the Democratic plan time enough to
get in its work for the people.

Senator Root is the biggest man in
the Republican party and it is easy
to foresee that he would be the party's
next nominee for President, if it
weren't for his age. He regards him-
self as too old to think about running
for President. He does not propose
to stand for another Senatorial term,
and his idea is to let politics alone if
politics will let him alone. Some-
times opportunity knocks at a man's
door when he wants to be let alone.

The laugh which the Democrats
have on the calamity howlers is the
old fashioned horse laugh.

Some politicians refuse to believe
in a personal devil till some other man
runs against them for an office.

CURRENT COMMENT.

The withdrawal of the Southern
Railway from participation in the
one-way colonist rates to the West
announced by President Harrison, is
an act of wisdom. It is good for the
Southern Railway and for the South.
The wonder is that this decision was
not reached long ago. It has been a
miserable, short-sighted policy, that
leading away by wholesale of labor-
ers from the territory where labor
must produce freight for the railroad.
Every dollar of profit which the pas-
senger business of the road has made
out of this movement has been made,
we suspect, at the cost of several dol-
lars to the freight department. It
would, in the last analysis, have been
a different sort of thing if the West
really were an El Dorado, where dol-
lars grow on trees, where a maximum
of well-being and happiness can be
earned by a minimum of labor. It
would be a different thing, if a
South were overdeveloped, a land
without need of or reward for labor,
without resources to be developed.
On the contrary, the stories of thou-
sands of these expatriates, whose dol-
lars were fired by extravagant
tales of easy wealth in a distant won-
derland, are stories of pathos, of dis-
illusion. On the other hand, the
South needs all its workers of what-
ever sort, and has rewards to offer
them in proportion to their industry
and intelligence.—Greensboro News.

The Observer some weeks ago gave
an outline of the plan advocated by
Maj. A. J. McKinnon, of Maxton, for
a new principle of government of

counties. Major McKinnon cham-
pions the commission and manager
form of county government and is
very much in earnest. The Observer
said at the time he first gave pub-
licity to his views that it was quite
likely he had started a movement
which would in time engage the ser-
ious attention of the people of the
State, for it is admitted that the pres-
ent system of government is sadly
out of line with the necessities of
the day. Conditions have changed,
yet the theory has not. Many of the
counties have already found it neces-
sary to break away from the anti-
quated system to the extent of trans-
ferring supervision of the finances to
the board of commissioners. The
Fourth Major McKinnon made a
speech in which he presented the
commission and manager plan in de-
tail. The Observer considers this one
of the most important matters the
various counties in North Carolina
may at present study. The welfare
of the county is based on the man-
agement of its affairs by the com-
missioners. Conditions require a busi-
ness system in the handling of the
county affairs. The taxation prob-
lem is one of increasing importance.
A new plan by which the people will
secure a better and a less expensive
government, a lighter burden of
taxes and more benefit derived from
it, sums up the aims of Major Mc-
Kinnon in the campaign he has in-
augurated for the betterment of con-
ditions in the counties. The Observer
submits his paper to the consideration
of its readers.—Charlotte Observer.

Impressions Received
At Press Convention

The following paragraphs are taken
from two columns of editorial matter
on the Press convention in the Morgan-
town News-Herald, so long published by
Mr. T. G. Cobb, who has been for the
past dozen years or more the prin-
cipal clerk of the House of Representa-
tives in the Legislature:

"A dance at Lumina Pavilion, Dutch
supper, a trolley ride over the Tide-
water line, an automobile drive over the
splendid roads of New Hanover county
and a steamer trip down the Cape
Fear river to Fort Caswell and South-
port were features of the elaborate
programme arranged by the citizens
of Wilmington for the entertainment
of the editorial party. And, in fact,
a Press association had met with
courtesies to its wearer at every turn.
Although the editorial party paid
for their entertainment at the Oceanic
Hotel, the management of the popular
hostelry were extremely kind and at-
tentive, looking well after the com-
fort of their guests.

"On Friday, the 26th, the editors
and the members of their families
and friends in attendance on the Press
convention, numbering about 150,
were the guests of genial Capt. John
W. Harper of the steamer Wilming-
ton and the Southern Commercial
Association on an all-day trip down
the Cape Fear river, with stops at
Fort Caswell, the United States Quar-
antine station and at Southport, where
an excellent dinner of rare delicacies
and baked sheephead—these and
additional courses being 'tipped off'
by sparkling Brunswick county sup-
per—was served in the Masonic
Hall. The Southern women person-
ally served the dinner.

"During the course of dinner, C.
Ed Taylor, Esq., of the Southport bar,
delivered an address of welcome on
behalf of the people of Southport and
the Southern Commercial Association in
which he took occasion to point out
the many advantages Southport has
to offer as a rate-basing port and
deep-water harbor for the State of
North Carolina. Mr. Taylor frankly
called upon the members of the State
press to enlist in the fight to have
Southport made a government coaling
station, asserting that this was the
first step toward the commercial up-
building of the port and would lead
to the establishment of Southport as
a rate-basing port. Mr. Taylor's re-
marks were heard with deep interest
by the editors and he was frequently

The editor of The News-Herald is
greatly indebted for special courtesies
during our stay in Wilmington and
Wrightsville to that price of good
fellows, Mr. Benjamin Bell; to Cap-
tain Hall, our host in the automobile
drive over the good roads of New
Hanover, and to that genial gen-
tleman, Mr. H. A. Webber, a former
citizen of Morganton, now the ef-
ficient and popular steward of the Elks'
Club at Wilmington.

"It was also our pleasure to meet
with another former resident of Mor-
ganton who has made good in Wil-
mington, Mr. Ernest Bush, now con-
nected with a large local business
in that city."

COUNTY COMMISSION PLAN.

Types Make Maj. McKinnon Can-
didate, Which He is Not.

In the excellent article which it
was the privilege of The Star to print
yesterday morning from the address
by Maj. J. McKinnon, of Maxton,
on the commission form of govern-
ment for counties, an unfortunate
typographical error occurred, which
The Star hastens to correct, in that
it may imply the wholly unselfish ef-
fort which Major McKinnon is mak-
ing for better conditions in his coun-
ty. In pointing out the remedy, a
paragraph was made to read "If you
serve on the Legislature, etc., when
the manufacturer was," "if you
send men to the Legislature," etc.,
which puts an entirely different con-
struction on the matter. It must also
be remembered that Major McKinnon
has no "designs" on the Legislature and
we hasten to correct the error plac-
ing him in the unenviable position.
It must also be remembered that out-
clearer that Major McKinnon's plan
involves the election of the commis-
sion or directors by a vote of the
stockholders—the people.

Real Estate Transfers.
Deeds were filed for record yester-
day as follows: G. W. Morgan and
wife W. H. McEachern, for \$1,000
and other considerations, tract in Ma-
sonboro township, adjoining lands of
G. W. Rodgers and Jno. E. A. Gris-
com, deceased, containing about 1.3
acres; Susan E. Moore, executrix, to
C. B. Parmele, for \$1,000 and other
considerations, lot on west line of
12th, 75 feet south of Princess street,
7x15 feet in size; William Greaser
and wife to Sabina Judicki, for
\$1,000 and other considerations, part
of farm No. 6, and all of farms Nos. 7
and 8 in the Marathon Colony, Cape
Fear township.

IN ALL OUR
NEIGHBORHOOD

There is Hardly A Woman
Who Does Not Rely Upon
Lydia E. Pinkham's Veg-
etable Compound.

Princeton, Ill.—"I had inflammation,
hard headaches in the back of my neck
and a weakness all caused by female
trouble, and I took
Lydia E. Pinkham's
Vegetable Compound with such ex-
cellent results that I
am now feeling fine.
I recommend the
Compound and praise
it to all. I shall be
glad to have you
publish my letter.
—Mrs.
J. F. JOHNSON, R. No. 4, Box 80, Prince-
ton, Illinois.

Experience of a Nurse.
Poland, N.Y.—"In my experience as a
nurse I certainly think Lydia E. Pink-
ham's Vegetable Compound is a great
medicine. I wish all women with fe-
male troubles would take it. I took it
when passing through the Change of
Life with great results and I always re-
commend the Compound to all my pa-
tients if I know of their condition in
time. I will gladly do all I can to help
others to know of this great medicine."
—Mrs. HORACE NEWMAN, Poland, Her-
kimer Co., N. Y.

If you are ill do not drag along until
an operation is necessary, but at once
take Lydia E. Pinkham's Vegetable
Compound.

SAVES DAUGHTER

Advice of Mother no Doubt Pre-
vents Daughter's Untimely End.

Ready, Ky.—"I was not able to do
anything for nearly six months," writes
Mrs. Laura Bratcher, of this place, "and
was down in bed for three months.
I cannot tell you how I suffered with
my head, and with nervousness and
womanly troubles.

Our family doctor told my husband he
could not do me any good, and he had
to give it up. We tried another doctor,
but he did not help me.

At last, my mother advised me to take
Cardui, the women's tonic. I thought
it was no use for I was nearly dead and
nothing seemed to do me any good. But
I took eleven bottles, and now I am able
to do all of my work and my own
washing.

I think Cardui is the best medicine in
the world. My weight has increased,
and I look the picture of health."

If you suffer from any of the ailments
peculiar to women, get a bottle of Cardui
today. Delay is dangerous. We know
it will help you, for it has helped so
many thousands of other weak women
in the past 50 years.

At all druggists.

Advisory Dept., Chattanooga, Tenn., for Special
Instructions on your case and 64-page book, "Home
Treatment for Women," in plain wrapper. N.C. 128

RESINOL MAKES
ECZEMA VANISH

Stops Itching and Burning Instantly.

There is immediate relief for skins
itching, burning and disfigured by
eczema, ringworm, or other torment-
ing skin trouble, in a warm bath with
Resinol Soap and a simple application
of Resinol Ointment. The soothing,
healing Resinol balsams sink right into
the skin, stop itching instantly, and
soon clear away all trace of eruption,
even in severe and stubborn cases where
other treatments have had no effect.
After that, the regular use of Resinol
Soap is usually enough to keep the skin
clear and healthy.

Resinol Ointment (50c and \$1.00)
and Resinol Soap (25c.), are also speed-
ily effective for pimples, blackheads,
dandruff, sores and many forms of piles.
Prescribed by doctors for the past nine-
teen years, and sold by all druggists.
For trial free, write to Dept. KK,
Resinol, Baltimore, Md. Buy in the
original blue package and avoid the
inferior substitutes which a few un-
scrupulous dealers try to sell to make
a few cents more profit at your expense.

IT'S A MISTAKE

Made by Many Wilmington Residents

Many people in a misguided effort
to get rid of kidney backache, rely on
plasters, liniments and other make-
shifts. The right treatment is kidney
treatment and a simple application
of Resinol Ointment, which a few un-
scrupulous dealers try to sell to make
a few cents more profit at your expense.

The proof is at your very door. The
following is an experience typical of
the work of Doan's Kidney Pills in
Wilmington.
A. W. Wilson, 402 South Fifth St.,
Wilmington, N. C., says: "I had lum-
bago and lameness in my joints and
plasters and liniments didn't help me
much. I heard so much about Doan's
Kidney Pills, that I finally got a box
at Bellamy's Drug Store and began
using them. They cured me and the
aches and pains were removed. I
shall never fail to recommend Doan's
Kidney Pills when I have an opportunity."
Price 50c. at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mr. Wilson had. Foster-Mil-
burn Co., Props., Buffalo, N. Y.

AUTHORIZE LOAN OF MONEY FOR WORKHOUSE

County Commissioners Receive Monthly Reports.

Railroad Iron and Locomotive Owned by County Ordered to be Sold—Report of Last Grand Jury Discussed—Notes.

The chairman and the clerk of the board of county commissioners were authorized to borrow a sum of money not exceeding \$35,000 at a rate of not more than 5 per cent, for the purpose of providing funds with which to build the workhouse, the contract for which was recently awarded to Mr. D. O'Brien, at a meeting of the Board of Commissioners yesterday afternoon. The road commission was instructed to sell the railroad iron and the locomotive formerly used by the county to haul gravel on the Federal Point road. A number of other routine matters received attention among these being a full discussion of the report of the last grand jury.

All of the members of the board including Messrs. J. T. Kerr, W. A. McGirt, L. W. Moore and W. E. Yopp were present. Chairman M. S. Willard presided and a record of the proceedings was kept by the clerk, Mr. W. A. Williams. Reports from Mr. J. P. Herring, county farm demonstrator, Road Superintendent Burnett and Mr. P. H. Raspery, superintendent of the county farm, were read and placed on file.

Chairman Willard reported that in accordance with instructions from the board he had secured plans for the proposed workhouse made by Mr. J. F. Gause, the architect, and that the contract had been awarded to Mr. D. O'Brien, the contractor, at a cost of \$21,500 plus 10 per cent. This action was formally approved and the chairman instructed to secure the land for its erection, and also with the architect for its supervision.

Chairman Willard also reported that he had made an effort to secure the appointment of the third member of the proposed board of investigation for the health department and had written twice to Dr. Way, president of the State Board of Health, but had yet heard nothing from him. The "complaint" made out by the City Council was discussed in some detail. It was the unanimous opinion that it was a weak document and several of the members of the board expressed themselves as seriously doubting whether it ought to be considered at all. "Pettiness" was the word used by Mr. McGirt.

Without discussion it was ordered that the railroad iron and the locomotive formerly used on the Federal Point road be sold. This was at one time in contemplation for use as a trolley line. However, the Board of Commissioners did not think that it would be wise to have the road so narrow, and refused to sell it for this purpose.

A petition from several taxpayers at Seagate asking for some grading to be done was referred to the road committee. It was ordered that Norman Batson be refunded his poll tax for 1913 because of being under age. Mr. A. F. Gibson was again before the board with reference to a proposed change in Chesnut street which he stated had been assessed at too great a value. He stated that the assessment called for 162 feet in length, while he had only purchased 132 feet. The board was referred to Mr. Moore and the auditor with power to act.

Mr. Moore reported that the Castle Haynes road was in bad condition. Chairman Willard said the Scott's Hill road was just as bad.

The report of the last grand jury was read. This contained some criticism of the conditions of Camps No. 1 and No. 2. The sanitary condition of the county jail was also censured. It was decided to take some action at once towards improving the plumbing at the jail.

With reference to the condition of the camps it appeared that the conditions had been remedied as far as possible. There is a case of tuberculosis at one of the camps, but an effort is being made to secure a pardon for the man and place him in the tuberculosis hospital.

Chairman Willard reported to the board that at the request of the State Board of Charities he had appointed Rev. Thos. P. Noel, Rev. A. J. Howell and Mr. W. H. Hance members of a board of visitors to the various penal and charitable institutions of the county.

A communication was read from Mr. W. H. Hance criticizing the method used in awarding the contract for certain engineering work. It was placed on file for future reference. A letter was received from Mr. D. L. Gore, stating that there is no official surveyor in this county and asking that he be allowed to have Mr. E. W. Taylor, of Winnabow, do certain surveying work in this county. The matter was referred to the chairman and the county attorney.

A communication received from Mr. Oscar Pearson with reference to grading at the school house at East Wilmington was referred to the school committee.

Wisdom of Right Methods. The report of Mr. J. P. Herring, county farm demonstrator, is devoted chiefly to the wisdom of using right methods in cultivating crops and is as follows:

"The Honorable Board of County Commissioners: Gentlemen: During the month of June I made ten visits, working 25 days. We will finish planting peas on Gregerson land in the next two or three days. The drought we have just experienced has proven that the demonstration methods of deep breaking, supplying humus for the soil, well prepared seed bed, good seed and frequent shallow cultivation, have given marked results this year.

"It does seem strange that so many farmers will not see the necessity of doing these things. In many cases you find farmers side by side one succeeding because of right methods while the other fails because of poor methods, and yet the poor method man will not change his ways. He has some other excuse for his failure.

"The demonstration methods have

READY FOR INVESTIGATION

Board of Health Pleased With "Quality and Quantity" of Charges by Councilmen.

That the County Board of Health is ready and anxious for the investigation of the Health Department along the lines as indicated in the published charges prepared by members of City Council, or along any other lines that may suggest themselves to the investigating committee, was the statement of Dr. Chas. of Nesbitt, county health officer, when asked about the matter by a Star representative yesterday.

The members of the Board, Dr. Nesbitt said, are very much pleased with the "quality and quantity" of the charges contained in the "complaint" as published in the local press. The board would, he said, do everything in its power to aid the members of the investigating committee in the speediest, fullest and most complete investigation of the health department possible.

Dr. Nesbitt stated that thus far nothing has been heard from either the State Board of Health or the United States Public Health service relative to the appointment of the third member of the investigating committee. The chairman of the Board of Health, Mr. J. T. Kerr, representing the citizens' committee, and Mr. M. J. Corbett, representing members of City Council, the request was made immediately following the published accounts of the filing of the "complaint" with City Council several days ago.

It was stated yesterday that the Board of Health has not yet received a copy of the "complaint" or any formal notice that it has been officially filed with either of the members of the investigating committee. Mr. J. Allan Taylor, the representative of the citizens' committee, however, stated over the telephone yesterday afternoon that he had received a copy of the "complaint," though he had not as yet had time to go over it, having only received it during the afternoon.

Given success every time under the most adverse conditions.

"Faithfully submitted," J. P. HERRING, "Demonstration Agent."

Work on County Roads. Following is the report of the county road superintendent for the month of June:

To the Honorable Board of County Commissioners, Wilmington, N. C.: Gentlemen: I beg to submit my monthly report for the month of June, 1914, as follows:

"Camp No. 1 is the East Wilmington camp. This camp is in charge of George Harrell. All of the prisoners are taken to this camp before they are carried to different roads.

"Prisoners in camp last report, 94; received during the month, 41. Total, 135. Number of prisoners released, 27. Total number of prisoners to date, 108.

"Camp No. 2 is stationed about ten miles from the city on the Federal Point road. This camp is in charge of E. L. Larkins. They have at this camp 16 men and eight mules. They have built 150 lineal yards of road bed 40 feet wide, and have handled 8,256 cubic yards of earth and have hauled straw on about 1,000 lineal yards of road.

"Camp No. 3 is in charge of J. A. Perry. This camp is stationed about a half mile from Seagate on the Greenville road. They have at this camp 16 men and eight mules. This gang has built 200 lineal yards of road bed 40 feet wide; cleared 600 lineal yards of right-of-way and have cut 200 lineal yards of three-foot ditch, and have worked one guard and four men three days at Wrightsville.

"Camp No. 4 is stationed at the eight-mile post on the Scott's Hill road. This camp is in charge of W. Gurganus. They have at this camp 12 men and two teams. They have worked over a half mile of the Middle South road and have hauled clay on 700 lineal yards of road 12 feet wide and have cut and stumped and cleared 1,200 lineal yards of right-of-way 30 feet wide on the upper end of the Gordon road.

"Camp No. 5 is in charge of C. Orr. This gang stays at the East Wilmington camp at night. They have in this camp eight men and two teams. They have used two cars of road oil this month. They covered 3.7 miles around Carolina Heights and along the Scott's Hill road and have covered 3.4 miles along the Shell road and the Castle Haynes road and through Winter Park Garden. They are now working over the Castle Haynes road.

"Camp No. 6 is in charge of T. J. Brewer. This gang is stationed at East Wilmington at night. They have in this camp ten men and two mules. They have worked over the Masonboro road from Whiskey Creek to Capp's station and the Shell road from 17th street to Downie Branch and have built a road on the east side of 17th street from Dock to Princess street.

"Respectfully," R. A. BURNETT, "Superintendent of Roads."

County Farm Report. The report of the superintendent of the county farm for the month of June is as follows:

"The Board of Commissioners of New Hanover County: Gentlemen:—In submitting my regular report for the month of June, I respectfully call your attention to the fact that the have in our charge five suits inmates; 15 colored inmates and 35 prisoners, making a total of 55.

"The health of these people during the month has been very good, no serious sickness or deaths to report. The sanitary condition in and around the home is good and we are trying to keep it in the best possible condition.

"Would respectfully recommend that the windows and doors of white female ward be screened.

"With reference to our farm work we are pleased to report that the corn and cotton is looking first rate, but owing to the continued drought the truck is not doing so well.

"We have laid by most of our corn and sowed peas in middles. We have planted 12 acres peanuts during the month, but did not get very good stand. Have prepared 15 acres land for hay and will sow this week.

"Respectfully submitted," P. H. RASBERRY.

WATER AND SEWERAGE REPORT

Councilman Loughlin Reviews Work of His Department During Past Fiscal Year.

The annual report of Councilman Chas. C. Loughlin, in charge of the department of Water and Sewerage, for the fiscal year ending June 1st was completed yesterday and will be presented to City Council at the regular weekly meeting Wednesday. In his report, which follows, Councilman Loughlin gives a most interesting resume of the work of the department during the last year, and makes a number of recommendations for the consideration of the other members of Council. The report is as follows:

"To the Mayor and Council of the City of Wilmington: I submit the following statements in connection with the financial statement of the superintendent filed at the end of our fiscal year, as the annual report of the Water and Sewerage Department.

"The new system of sewer mains has now been turned over to us. This will take care, for years, of the growth of the city. Our problem is to furnish the later connections.

Extensions Needed. "There is great need of extensions of six-inch water mains. Quite a large territory is without adequate fire protection. It is unfortunate that provision was not made for extending the water mains along with the sewerage system. The small amount of money that was available for this purpose, and the engineer has about completed the sketch and estimates; but the sum is entirely inadequate. We need at least \$50,000.

"Numerous complaints because of delays in water and sewerage connections are being heard. If the Council and the public will only stop to consider and remember that 45 miles of sewer mains have been laid under contract, within the last 18 months, and that our department must lay all water mains, all sewer laterals, from mains to property lines, and make all water and sewer service connections; that applications for water and sewer connections are coming in from Hillsboro to Greensboro, from the river to Seventeenth street—every applicant wanting his first; and that all of this construction work must be done in addition to maintenance—if the Council and public will remember these things, I am confident that fair minds will marvel that the complaints are not more numerous.

Discourtesy to Employees. "But the most annoying complaints are made at the office upon the amounts of bills and the rates. The discourteous and rude treatment of our employees by some of our very best people—and the ladies are the worst offenders—is sometimes positively disgusting. The Council fixes the rates and the meters fix the amounts, and these people assume that the employee is a liar and a thief because, forsooth, the bill is higher than the consumer hoped it would be!

Cheaper Than Average. "And we are furnishing water far cheaper than the average city of North Carolina. A metered consumer is allowed 2,500 cubic feet (17,700 gallons) per quarter for \$2.50. The cost of the same quantity in other representative cities is as follows:

"Winston-Salem, \$3.48.
Durham, \$4.37.
Charlotte, \$5.28.

"In addition, in most other places the consumer pays for laying the sewer from the main. For instance, in Greensboro, he pays an average price of \$12 each for water and sewer connections. In Durham, he pays the actual cost, which will average there about the same as Greensboro. The cost in Wilmington is lower, on account of the difference in soil—is about \$8; for which the consumer is not charged one cent.

Work Has Increased. "The department is doing more work than ever. Then don't forget, of course, we have the opportunity of and necessity for more work—we ought to do more. During the first quarter of the last fiscal year, April to June, 1913, the department made 172 sewer connections; during the same quarter of this year we have made 533 sewer connections. During the same quarter of 1913 the department made 185 water connections; during the same quarter of this year we have made 413 water connections. Out and watch Jim Motte or Arthur Branch lay a water or sewer lateral, and you will get some small idea of what this increase of 633 and total of 996 per quarter means. To this total construction must be added the increase of office work. Each connection means a new double record, a new card and bill, a new account with the addition of bookkeeping, and the extra work for each new customer. All of this has been accomplished with the addition of only one office man and the necessary day laborers.

New Equipment. "Since January 1st, 1914, we have carried out all of the recommendations made by the board, except the installation of the Venturi meters to better measure the pumpage and wash water; and the plant is now in excellent shape. The new centrifugal pump has arrived and is being installed. We are furnishing good clear water that will compare favorably with that of any city in the country of similar geological and topographical conditions. Not a trace of colon bacilli (the index of faecal pollution and hence of typhoid germs) is to be found in the water since September, 1913. In view of this, we assert that upon those who attack our water supply is placed the burden of proof—proof by facts and not by ignorant guesses and prejudiced declarations.

Move the Intake. "But it is desirable to have, and the people are entitled to have, a supply less objectionable in aesthetic grounds; from a source the thought of which does not bring up a revolting picture of the Cape Fear as it passes our docks. I believe this to be simply a matter of dollars and cents, and that the desired source is the upper Cape Fear river. We are now making a necroscopic chemical, bacteriological and engineering study—as recommended by Professor Phelps—to ascertain the advisability and cost of moving the intake up above Navesink, to the upper branch of the river. The result of these studies with an estimate of the cost of the project, will be submitted at an early date. I am led to believe that the cost will not exceed \$50,000, and that the project can be financed reasonably. It is expected (Continued on Page Eight).

RESUME OF SCHOOL WORK FOR PAST YEAR

The County Superintendent Makes His Annual Report

Board of Education Receives Reports of Prof. Washington Catlett—Financial Report—Women Renew Request.

The annual report of Prof. Washington Catlett, county superintendent of education, was submitted to the board of education at a regular session held yesterday afternoon. It gives a complete resume of the work accomplished during the year and shows that splendid progress has been made. The financial report of Mr. J. A. Orrell, county treasurer, was also received and showed that there is now a balance to the credit of the educational fund of \$101,356.62.

All of the members of the board, including Chairman J. O. Carr and Messrs. J. G. L. Gleschen and I. Solomon, were present. Superintendent Catlett and County Treasurer Orrell were also present.

A communication was read from Sorosis requesting that women be given a place on the new school committees to be selected for the Northside and the Southside schools. This was placed on file as the board is not yet in a position to select the committees for these schools. When the committee is selected the request will be given consideration.

The reports of the county superintendents and the county treasurer were discussed and a number of routine matters were taken up. Following is the report of Superintendent Catlett, which was read and placed on file:

"Wilmington, N. C., July 1, 1914. "To the Honorable Board of Education of New Hanover County: Gentlemen: I have the honor to submit my 12th annual report of the school under my supervision.

"With the improvement in roads, farms, buildings and general progress in the county the schools have felt the impulse and while the people are making and demanding improved and progressive school work, equipment and advantages, the school directing body is alive to the needs.

"But while much is being done on every side the still more demanding energy and push. We need more and better buildings, though the work in this line is progressing. We need more and better equipment, and a gradual adjustment of subjects taught to the requirements of the people and the times.

"There are 16 rural districts, containing 28 schools; 13 for the whites and 13 for the colored. Four white schools have two teachers and two have three. One colored school has two teachers.

The recent census, which has been taken only in the country, is as follows:

Rural Census by Years.

1910-11	1911-12	1912-13
White 312	325	1,100
Colored 961	1,060	1,023
Total 1,273	2,062	2,123

Census of Children from 8 to 12 Years.

White	Colored	Total
428	373	801

Rural Enrollment.

White	Colored	Total
1,013-14	812	1,825
1,013-14	812	1,825

Rural Average Attendance.

White	Colored	Total
441	432	873

Enrollment by Grades.

White	Colored	Total
215	88	303
141	113	254

"Every care has been taken in the selection of teachers, and they have been faithful, efficient, and interested in their work. Our great difficulty which is felt every county, has been met in New Hanover, the eighth suitable board. With the increase of prices the teacher has had to pay from \$12 to \$20 per month, and few families here can afford necessary comforts. It is a pity that the teachers are willing to take home the money they have earned. Since the work of a principal in a one-teacher school entails a greater variety of teaching and responsibility, I would recommend that, except in very small schools, such a principal receive not the salary, as now, of an assistant, but that of a principal of the other schools.

"As the work in our schools is of high grade, being under the shadow of the city and feeling its influence, it becomes necessary to have more advanced class of teachers. Such teachers are in demand everywhere, and cannot be obtained at small salaries. The course of studies in the rural schools has been adjusted to the course in our city schools, and pupils who are admitted by certificate to the high school which affords preparation for business or college entrance. Our rural children are seeking advancement through this opportunity thanks to the policy of this board. Ten or twelve will enter the school at the opening in the fall.

Very little building has been done during the past session, and only a few most necessary repairs have been made. I am glad to say, however, that the board is fully alive to the needs of our rural children and that several up-to-date and convenient buildings are being built as was recommended in my last report. During the coming year, with the enforcement of the compulsory attendance law, we shall require larger accommodations for teaching. Where one teacher has (Continued on Page Eight).

YOUR IDLE FUNDS

Helping Kidneys By Clearing Blood

A Function Greatly Assisted By a Well-Known Remedy.

Most readers will be interested to more clearly understand why analysis of urine is so important. In the use of S. S. S. to purify the blood, its action is a stimulus to the myriad of fine blood vessels that make up the constructive tissues of the kidneys. The analysis shows a marked body mass through the kidneys. They act as testers and assessors. And according to what they allow to pass out in the urine, both as to quantity and materials, the health of the kidneys and the quality of the blood is determined. The catalytic energy forced by S. S. S. is shown in the urine. It is also demonstrated in the skin. And the blood continues to sweep through the kidneys the dominating nature of S. S. S. acting as it does through all the avenue of elimination shows a marked decrease of disease manifestations as demonstrated by urine analysis. This assistance is a great relief to the kidneys. The body wastes are more evenly distributed to the excretory organs; their elimination is stimulated by the tonic action afforded the liver, lungs, skin and kidneys. Thus, in cases of rheumatism, cystitis, chronic sore throat, loss of voice, bronchitis, and the myriad of other reflex indications of weak kidney action, first purify the blood with S. S. S. so it will carry the tissues to rebuild the cellular strength and regain the normal health.

S. S. S. is prepared by The Swift Specific Co., 527 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice.

NOVEL MASSAGE CREAM

Perfect Skin Food That Removes Wrinkles and Clears Complexion. The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin cream is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is a great relief to the skin. It is prepared by The Swift Specific Co., 527 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble, write to their Medical Dept. for free advice.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off. Hokara is the only antiseptic massage cream, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on a guarantee by—J. Hicks Bunting Drug Co. (advertisement.)

SOCIAL and PERSONAL

Misses Bettie Hill Cox and Anna Lee Best, of Warsaw, are the guests of Misses Estelle and Bertha Cox, at No. 106 Church street.

Miss Kinzie Hankins returned yesterday from an extended visit to relatives in New York.

Mrs. Z. Motono and Mrs. T. V. O'Neal are guests of Mrs. J. M. Turner, No. 317 North Fourth street.

Miss Blanche Williams, of Elm City, is the guest of Miss Pearl Andrews, No. 819 Princess street.

Mrs. D. T. Hutt, of Atlanta, is visiting her sister, Mrs. J. H. Beery, No. 208 North Seventh street.

Yesterday's Fayetteville Observer: "Rev. W. G. Hall and family of Wilmington, are visiting Mr. Hall's brothers, Messrs. F. R. and E. L. Hall, on Gillespie street."

Mr. and Mrs. Frank Lane and Mrs. Janie Rehder and little daughter, Catherine, returned yesterday from a stay of several weeks at Seven Springs.

The Epworth League of Fifth Street Methodist church will hold a business meeting tonight at 8 o'clock in the lecture room of the church. All members are urged to be present.

The regular meeting of the W. C. T. U. will be held in the lecture room of the First Baptist church this afternoon at 5 o'clock. All the members are urged to be present.

Mr. Edgar L. Vest returned yesterday to his home at Fremont after spending the week-end here with Mr. and Mrs. J. Davis Robbins, Jr., No. 218 North Second street.

Mrs. Jane Cutler Lee and little granddaughter, Jennie Lee, of Fremont, are visiting Mrs. Lee's daughter, Mrs. Eugene Woodward. Before returning home they will spend some time at Wrightsville Beach.

The Ladies' Foreign Missionary Society of the First Presbyterian church will hold its monthly meeting this afternoon at 5 o'clock in the church parlors. There will be a short programme. All ladies of the congregation are invited to attend.

The many friends of Bishop Robert

Wrightsville Beach

Prof. W. S. Lockhart, a member of the law faculty of Trinity College, is spending a few days at the Seashore Hotel.

Mr. and Mrs. Wriston Lee and children, of Monroe, and Mrs. Eugene Morehead and family, of Raleigh, are recent arrivals at the Hanover Inn.

Misses Tess and Elizabeth Erskine, of Atlanta; Miss Alys Kincaid, of Gaines, S. C.; and Misses Mary Lynch, of Atlanta, are spending the month of July at the Oceanic Hotel.

The programme for the moving picture exhibition at Lumina tonight includes a Pathe drama in two parts entitled "The Fingers Fear" and "Scenes of Sunny Italy," a Melies production.

One of the highest tides of the season was to be seen in the sound last evening. It was caused by the strong northeast wind that has prevailed steadily for the past several days.

Miss Edith L. Aufrecht, who is convalescing after an operation for appendicitis at the James Walker Memorial Hospital last week, is the guest of Mrs. Paul M. Comes, at the Oceanic Hotel.

Prof. J. A. Leitch, principal of the High School at Salisbury, N. C., is spending some time at the beach, the guest of his brother, Mr. W. A. Leitch, and is being cordially received by many friends made on former visits to Wilmington and the beach.

Dr. S. A. Nathan, of Washington, N. C., has returned home after a visit to his parents, Mr. and Mrs. A. Nathan, at their cottage on the beach. His friend, Mr. Mendel Sussan, of Washington, accompanied Dr. Nathan on his visit to the beach, has also returned home.

Among the arrivals at the Seashore Hotel yesterday were Mr. and Mrs. D. W. Currie, S. J. Currie, Fayetteville; J. C. Collier, Goldsboro; Col. A. L. Smith, Mrs. A. L. Smith, Miss Sallie W. Young, and Barton H. Smith, Charlotte; T. F. Griffith and B. H. Wolfe, Monroe; T. C. Tallafiero, Charlotte.

Yesterday's Fayetteville Observer: "Mrs. Milton Bacon and son 'Billy,' will go down to Wrightsville for some weeks tomorrow. Misses Georgia Dixon and Irene Allen went down to the beach Friday afternoon, and will spend some few days before returning. Misses Flora and Ruth Phillips and Sallie Vann and Margaret Fatum are spending a few days at Wrightsville Beach."

Arrivals at the Oceanic Hotel yesterday included F. W. Dinnel, Wadesboro; W. T. Walton, Winston-Salem; R. S. Eddy, Philadelphia; Mrs. H. Bumgarten, Charlotte; Will Well, Charlotte; Miss Nellie Morgan, Florence, S. C.; J. B. Garrett and S. F. Royall, Florence, S. C.; J. T. Cronly, Columbia, S. C.; Clyde Council, W. A. W. Harve, Charlotte; S. Hopkins, Rockingham; J. E. Hall, Newbern; A. Whitaker, Kingston; T. R. Williams and W. D. Faison, Faison, N. C.

Mr. and Mrs. L. Stein were at home to their friends at their cottage on the beach on Saturday evening, the occasion being the celebration of their 5th wedding anniversary. They received the hearty congratulations of a large number of friends from the city and on the beach as well as a number of out-of-town visitors among them being Mr. and Mrs. Frank Jewey, Philadelphia, Pa.; Miss Evelyn, New York; Miss Amelia Hunt, Baltimore, Md.; and Mr. A. Ball, Philadelphia, Pa.

IESITATION CONTEST

AT LUMINA LAST NIGHT. The hesitation waltz contest, given at Lumina last evening was witnessed by a large and appreciative audience. A great deal of interest in the contest was manifested by the spec-

Strango will regret to learn that he is still seriously ill. He was brought from his summer home at Wrightsville Beach to his home in this city yesterday morning. He was reported last night as resting comfortably. He rested well during the day.

Friends will be glad to know that little Blanche Capps, daughter of Mr. and Mrs. W. C. Capps, who was painfully hurt Saturday morning falling from the second floor of the Wilmington hotel, is getting along nicely and will be able to be out again in a few days.

The Clyde Line steamship Cherokee arrived in port Sunday with the following list: J. B. McPherson, J. H. Albright, Mrs. J. C. Judice, Helen and Walter Judice, Mrs. L. Miller, Chas. Rodgers, Harriet Rodgers, Mr. and Mrs. C. W. Rodgers, Mary Riley, Miss M. Marie, Crabbing and bathing, T. Quinn, V. Lohse, Mrs. H. Taylor, Mrs. G. Hubble, Miss Hubble.

Mrs. George Green, of Newbern, State organizer of the Woman's Christian Temperance Union, will deliver a lecture on the work of this organization in the Sunday school room of the First Baptist church tonight at 8 o'clock. Mrs. Green has recently returned from the world's convention of the W. C. T. U. and will tell something of this great gathering of temperance workers. The public is cordially invited to hear her tonight.

DELIGHTFUL FOURTH

AT TOPSAIL BEACH. Sloop Point, N. C., July 4. The largest and gayest crowd of the season enjoyed an outing at Topsail Beach on the Fourth. The party was taken to the beach in Mr. W. T. Atkinson's launch Marie. Crabbing and bathing were the popular sports of the occasion.

At 7:30 the party was taken to the plant of the Carolina Seafood Company, where ice cream and cake were served. Following supper, Mr. Atkinson took the party down boat riding to Topsail Inlet. The occasion was greatly enjoyed by all. Miss Elizabeth Atkinson and Messrs. Percy Andrews, Wallace Atkinson and H. Q. Thompson, of Sloop Point; Miss Zannie Edens and Mr. and Mrs. W. T. Atkinson, Robbie and Bennie Baisan, of Vista; Levi Howard, of Folkston; Mr. and Mrs. Alton King, Mr. and Mrs. L. F. Andrews, of Wilmington.

tators, who loudly applauded their favorite couples. This was the second contest of its kind to take place at this popular pavilion, and the attendance was even larger than on the previous occasion. There were about 18 couples who entered the contest. From these seven couples were selected by the judges for the second part of the contest.

Out of these three couples were chosen for the final contest. The two handsome silver cups offered as prizes to the two best dancers were awarded to Miss Kate Northrop and Mr. Ed Johnson, of Raleigh. The seven couples contesting in the semi-final dances were Miss Helena Dodson and Mr. Charlie Taylor; Miss Smith and Mr. Morrison; Miss Donaldson and Mr. Hayward; Miss Rosalie Davis and Mr. B. Saunders; Miss Kate Northrop and Mr. Earl Johnson; Miss Virginia Taylor and Mr. M. L. Woodward; Mrs. A. D. Wessell and Mr. Clifton Lenoir.

The three that finished in the final contest were Mrs. A. D. Wessell and Mr. Clifton Lenoir; Miss Virginia Taylor and Mr. M. L. Woodward; and Miss Kate Northrop and Mr. Earl Johnson.

The judges for the contest were Mr. Clifton Lenoir, Miss Ledford and Mr. L. Burnett.

The contest was ably managed by Don Richardson, who will have charge of the various contests that will be given at Lumina from time to time.

The next dancing contest at Lumina will be on Thursday night and will be for children under 15 years of age.

PERSONAL PARAGRAPHS.

—Dr. W. A. McPhail, of Lumberton, and Dr. O. E. Underwood, of Sampson county, were among the visitors to Wilmington yesterday.

—Mr. F. H. McCullough, secretary and treasurer of the Shepherd Chemical Co., returned yesterday from a business trip to Richmond, Va.

—Mr. Ernest R. Hicks, of Calypso, Duplin county, was a visitor in the city yesterday after an absence of several years. He was cordially greeted by his many friends here.

—Mr. D. F. McGowan, of Tabors, N. C., returned yesterday from a business trip to Lake City, S. C., where he was among the business visitors to the city yesterday.

—Mr. Cliff Anderson, formerly of this city, but who now represents the Asphydine Chemical Co., in the State of Virginia, with headquarters at Norfolk, Va., is in the city for a few days on business.

—J. Gilchrist McCormick, Esq., leaves this morning at 5:35 o'clock for Asheville, N. C., where he will attend the meeting of the legislative freight rate commission at the request of Attorney General Bickett. He will also represent the New Hanover Just Freight Rate Association at the State meeting to be held in Asheville on Thursday.

"BOTTLED AT THE STILL." No, Gentle Reader, Not Boozie—Pure Spirits Turpentine.

Few people in this State noted for their "tar, pitch and turpentine," according to all the old editions of the geographies, appreciate how scarce is becoming pure spirits turpentine, at one time so plentiful and to be had by the gallon at almost any still for the asking. It was the medicine of our mothers and until lately it has been very plentiful. But with the passing of the pine, a pure grade of the spirits is becoming scarcer and scarcer with each year and one is not surprised that at least one distiller—D. W. Carter & Co., of Jerome, Bladen county—has found it profitable to cater to those who still wish the purest article.

Under an attractive label, the firm is now supplying to the trade convenient household bottles of the pure grade pine turpentine and it is not surprising that their product, put up especially for household use, is meeting with wide sale. The consumer is supplied by the drug trade and finds "Old North State Pure Turpentine for Medical Purposes," just what they wish.

FRATERNITY CONCLAVE OPENS

Kappa Sigma Men of North and South Carolina Attending Sessions at Wrightsville Beach.

The feature of yesterday's session of the Kappa Sigma Fraternity Conclave being held at the Oceanic Hotel at Wrightsville Beach, was a smoker given in the spacious assembly hall of that famous hostelry.

The district grand master of the fraternity, L. P. McLendon, of Durham, presided and in an appropriate manner introduced Dr. J. H. Durham, Sr., of Wilmington, one of the oldest members of the fraternity, having been one of the first nine men initiated by the original five charter members of the chapter at the University of Virginia. He became a member of the fraternity in 1872 and was the first man to establish a chapter of the fraternity outside of the mother college with written authority. Dr. Durham has the original letter authorizing him to establish a chapter at Trinity College.

Dr. Durham told the younger men present of the struggle that was made in the early days of the fraternity to keep it alive and recounted the history of the spread of the Kappa Sigma spirit from the original five members who banded themselves together at the University of Virginia until today when there are more than three score and ten active chapters and over eleven thousand members scattered from the Atlantic ocean on the east to the Pacific on the west.

Other impromptu speeches were made and a resolution was adopted thanking the local members of the fraternity for the interest that had been taken in arranging a programme for the entertainment of the visitors. The meeting was featured by the free and easy way in which every one present made himself at home. Coats were shed and the guests made merry about a festive board piled high with refreshments and smokes of all kinds.

Another one of the older members of the fraternity, who was present was Mr. E. R. Lick, of Duplin county, who was one of the charter members of the chapter organized at Vanderbilt University in 1876. Unfortunately Mr. Lick had to leave for his home last night and was unable to attend any session of the conclave.

Last night a sailing party was given after the dance at Lumina and a pleasant two hours were spent on the sound, some sixty people composing the party. Practically all of the visiting members of the fraternity were on the sail, with the following young ladies being their guests: Misses Virginia Gardner and Frances Long, of Greensboro; Martha Byrd Spruill, of Rocky Mount; Miss Moore, of Greensboro; Misses Camille Harrie and Hannah Ashe, of Raleigh; Misses Sadie and Webster Williams, of Augusta, Ga.; and Misses Helen Dodson and Georgia Dixon, of Fayetteville. Mr. Lick, of Duplin county, and Mrs. Frank Spruill, of Rocky Mount, chaperoned the party.

A business session was held yesterday morning in the assembly hall and was attended by most of those who had reached the city. District Grand Master L. P. McLendon presided over the meeting with Mr. J. B. Haman, of Wilmington acting as secretary in the absence of that official of the district. Little business was transacted at the session other than to appoint committees to make arrangements for the remainder of the conclave.

The real business session will be held this morning at 11 o'clock at which time Mr. Ed L. Sutton, of Atlanta, editor of the Caducues, the fraternity official, will address the members. Mr. Sutton arrived in the city last night and went immediately to the beach. He is the guest of honor of the conclave. Officers for the ensuing year will be elected this morning and reports of the different chapters in the district will be made.

Those who had arrived at the beach up to last night included L. P. McLendon, of Durham; F. W. Dunlap, of Wadesboro; W. C. Wells, of Wilmington; J. P. March, of Marshville; J. C. Royall, of Florence, S. C.; Earle Kowland, of Sumter, S. C.; Oliver Smith, of Raleigh; W. B. Little, of Rocky Mount; L. Richardson, Jr., of Greensboro; W. B. Townsend, of Red Springs; Howell L. Smith, of Raleigh; James B. Lynch, of Wilmington; E. B. Davis, of Goldsboro; T. P. Morris, of Concord; E. Barnhart, of Concord; E. R. Hicks, of Duplin county; W. Wallace Norment, of Lumberton; R. E. Little, of Wadesboro; J. M. Hendrix, Jr., of Greensboro; J. M. McDonald, of Charlotte; R. C. Cantwell, Jr., of J. H. Durham, Sr., of James H. Durham, Jr., of Morris M. Caldwell, George G. Lynch, Dr. Hooper, E. DeK. Burt, of Morris M. Caldwell, James and J. B. Haman, of Wilmington.

TO ATTEND SUMMER SCHOOL. Mr. J. B. Huntington left yesterday for Black Mountain. Mr. J. B. Huntington, the popular and efficient secretary of the Y. M. C. A., left yesterday afternoon for Black Mountain where he will spend several weeks at the Y. M. C. A. summer school. The school is ideally located near the village and is open from June until September. Lectures are given by some of the notable Y. M. C. A. leaders of the country and the school has proven to be most profitable to those who have attended. The school is intended for all the Y. M. C. A. workers in the South, who are able to attend.

Mr. Edward Roberts, boys' work director of the Y. M. C. A., left the past week for Terra-Alta, West Va., where he has charge of a summer camp for boys. He will be away all summer. He was accompanied by seven Wilmington boys, as follows: George Fredericks, Richard Thippen, Pearl Harris, John Clark, Clayton King, Charlie Nixon and Earl Sneeden.

DR. G. H. CROOM RETURNS. Resumes the Practice of Medicine in This City After Short Absence.

After an absence of several months, during which he was in an arrangement of the hospital at Maxton, Dr. G. H. Croom has returned to Wilmington and has resumed the general practice of medicine. He is living at No. 417 South Front street and has his office at his residence. He and Mrs. Croom have many friends here, who will be glad to know that they are to reside here permanently.

Before going to Maxton the first of the year to take charge of the hospital, Dr. Croom had resided in the city for some time and has an established reputation as a general practitioner of ability.

BIJOU

"Needless to Have Superfluous Hair"

Says Mrs. Osgood

After years of disappointing experiments, Mrs. Osgood has found a Wonder-Bremdy that quickly and safely removes all signs of superfluous hair on face, neck, arms, or elsewhere, without the slightest annoyance, or risk of injuring the skin. No nerving, nerving or evil-smelling depilatories. Simply apply the prescription as directed, and all unsightly embarrassing hair quickly disappears.

How to Make a Real Wrinkle Remover

In these days of cleverly advertised "beautifiers" of 57 varieties and more, it is hard for a woman to believe she can make a simple home remedy for those hateful marks of age, worry and illness, which mar the face of many women. Most her much less than the average made preparation. There's nothing in the world so effective for removing or preventing wrinkles, crow's feet and creases as a solution made by dissolving an ounce of pure powdered asphaltum in a half pint of witch hazel. Every druggist has the ingredients.

Use this harmless mixture daily as a refreshing lotion, bathing the face in it two or three minutes at a time. The quick and satisfactory result will surprise you. Even the first application produces wonderful improvement. The wrinkles are less in evidence and the face has a firm, "solid," comfortable feeling.

FINANCIAL AND COMMERCIAL

COTTON MARKET RECOVERS WHEAT TURNS TO BULLS STOCK MARKET DRAGS

Several Points of Last Week's Losses Regained During Yesterday's Trading.

New York, July 6.—The cotton market recovered several points of last week's losses during today's trading. Crop and weather news seemed more encouraging than otherwise, but the smaller amount of cotton for sale suggested that the long interest had been pretty well liquidated during the heavy selling which followed last week's government report and prices advanced on covering of shorts or buying for a reaction. The close was steady and from 6 to 16 points net higher.

The market opened steady at unchanged prices to a decline of one point under scattered selling, which seemed to be inspired by a favorable view of weather conditions over the holiday. Liverpool, however, was better than due and markets here soon rallied. There appeared to be an impression in some quarters that the contracts liquidated last week had been absorbed by investment or trade buyers. Prices at one time during the early afternoon were from 9 to 10 points net higher. The detailed weather reports indicating good rains in the Eastern belt seemed to relieve apprehension of drought damage in that section but failed to inspire any selling of consequence. Closing prices showed reactions of only three or four points from the best.

Cotton futures closed steady. Month: Open, High, Low, Close. July, 12.42, 12.52, 12.42, 12.52. Aug., 12.42, 12.52, 12.42, 12.52. Oct., 12.42, 12.52, 12.42, 12.52. Dec., 12.42, 12.52, 12.42, 12.52. Jan., 12.42, 12.52, 12.42, 12.52. March, 12.42, 12.52, 12.42, 12.52. Spot cotton, quiet. Middling uplands, 13.25; middling, 13.50. Sales, none.

TRAIN STRIKES AUTOMOBILE.
Three Persons Are Dead and One Badly Injured.
Aurora, Ill., July 6.—Three persons were killed and one fatally injured today when a Burlington freight train struck an automobile near Shabbona, Illinois.
The dead are:
Dr. H. P. Greely and wife, Lee, Ill., and Mrs. C. W. Richards, Chicago.
C. W. Richards, Chicago, was fatally injured.
A clump of trees hid the approach of the train from Dr. Greely, who was driving the automobile.
Indianapolis, July 5.—According to word received late tonight, a forest fire, raging in the northeast part of Brown county, 75 miles south of Indianapolis, already has covered an area of five square miles. A number of farm houses have been destroyed. The village of Georgetown, a hamlet of 100 people, is said to be in the path of the flames.
Mexico City, Mex., July 5.—Minister of War Huerta tonight declared it was untrue that Constitutionalists had begun an attack on San Luis Potosi. General Blaguet also denied the report that Federal officers captured by Constitutionalists in Zacatecas, have joined the Constitutionalists.

ASIDE FROM SOME ARTIFICIAL ACTIVITY AT HIGHER PRICES IN GROUP OF "POOLED" SPECIALTIES.

New York, July 6.—Aside from some artificial activity at higher prices in the group of "pooled" specialties, today's stock market dragged along in traditional mid-summer fashion. The better feeling fostered last week by developments at Washington seemed to have been dissipated and traders again were averse to follow the upward movement. The long delayed freight rate decision remains the most influential factor. In the opinion of many observers the country is in shape for good business and forward strides are predicted at the first favorable opportunity.

The steel authorities say their industry shows appreciable improvement. The June statement of the copper producers, which comes out Wednesday is the subject of considerable speculation but the state of the metal market is plainly better than it was a fortnight ago.

London sold our shares at home and later here the dealings for that account in this market aggregated about 10,000 shares.

Bonds reflected the very light investment demand. Missouri Pacific convertibles, Baltimore and Ohio convertibles and St. Louis and San Francisco refunding ruling heavy. Total sales, par value \$1,916,000. United States government 3s declined 1-4 cent on call.

NEW YORK PRODUCE.
New York, July 6.—Sugar—Steady. Molasses sugar, 2.07; centrifugal, 3.32; refined, steady.
Butter—Quiet.
Cheese—Irregular.
Coffee—Spot, quiet; No. 7, Rio, 24¢; Santos, No. 4, 24 1/2¢; mild, dull; Cordova, 12 1/2¢ @ 16¢, nominal.
Cotton Seed Oil—Steady on covering of August shorts, light bid offerings and the absence of tenders. The earlier tendency of bid was offset by the strength in cotton. Final prices were 1 point higher to 2 points lower.
The market closed steady.
